VETERANS CELEBRATE ARMISTICE DAY; TO BE MADE ANNUAL EVENT

More than 200 ex-service men were in Cameron on last Thursday to celebrate Armistice Day.

It was a gray November day in 1918 when the news of the ending of the world war came. On last Thursday it was a gray November day and the bitter cold brought back memories of the chill days in late 1918 when triumph came to our arms and the men who helped to achieve that victory were in Cameron to celebrate.

Despite weather conditions the program was carried out as planned beginning at 10:30 o'clock when the soldiers and crowds gathered on the court house lawn for the opening ceremony.

The Armistice Day celebration as completed by the Commercial Club has been made an annual event and will be celebrated in the future as on last Thursday. The event was made an annual one on motion of F. S. Lesovsky at the last regular meeting of the club.

On next Armistice Day a celebration will also be planned for the negroes who served in the world war. This was determined by the Club at the last regular meeting on motion of W. W. Chambers. The Club desires to recognize the negroes during the war and will have a committee to meet these citizens of the town and to arrange with them a program suitable for their celebration.

Promptly at 10:30 o'clock Rev. Ira F. Key, pastor of the Methodist church delivered the invocation and the school children sang "Star Spangled Banner." The flag was raised by Little Miss Ruth Kemp, and was cheered and saluted as it fluttered at the top of the flag pole in the driving north wind.

Following is the pledge to the country was taken by all and there was one minute of silent prayer for the country. The school children marching to the grounds in columns of four sang "America."

Mayor U. S. Hearrell delivered the address of welcome to the soldiers, praising their patriotism and their citizenship. Lieut. Jim Baskin responded to the address of welcome as a soldier of the world war and as a citizen of Cameron.

The Cameron band played for the exercises, leading the march to the park and there furnishing the music throughout the day.

At eleven o'clock a patriotic address was delivered to the service men by Judge George Wilrich of LaGrange. Following this there was a musical program by the band.

At twelve o'clock lunch was served. This feast was planned by Cameron people and all who attended contributed baskets of food, making the lunch one of the old fashioned picnic sort.

After the lunch Mrs. W. O. Triggs and Mrs. Giles L. Avriett made Red Cross speeches, the annual Red Cross Roll having begun on that day.

An impressive memorial service was conducted by the Rev. H. R. McFadyen, pastor of the Presbyterian church. Rev. McFadyen delivered a touching address as a part of the memorial service program. There was a roll call of Milam county's dead and a presentation of a wreath by the local Boy Scout Troop.

A large number of those who celebrated left for the cemetery shortly after the service to place flowers on the graves of those who died in the service, not forgetting their comrades who had made the supreme sacrifice in the greatest war in human history.

Dr. James Watson was supervising chairman of the celebration plans.

SUNDAY RED CROSS DAY AT CHURCHES

Religious Bodies to Encourage Fourth Roll Call. Methodists Have Special Program.

A Red Cross Roll Call Program will be presented at the Methodist church Sunday in the absence of the pastor, Rev. Ira F. Key, who is attending the annual conference of this district in Houston.

Mrs. W. O. Triggs will speak for the Red Cross at the eleven o'clock hour as a part of the program to be presented. Miss Tennie Mae Bass will speak on service which is in line with the program to be presented.

On last Sunday no services were held in the city owing to the bad weather. This was the day set for Red Cross programs over the county to assist the fourth roll call. Special attention will be given to the program in the Cameron churches Sunday.

The drive in Cameron was begun Tuesday, the weather preventing the operation of the program at an earlier date as originally planned.

At the Methodist church the evening service will be announced at the 11 o'clock hour.

ROBBERY SUSPECT ARRESTED HERE

Mexican Said to Have Burglarized Milano Store Arrested on Watt Farm North of Town.

Rosendo Jonontewaller, Mexican, charged by indictment with the robbery of the general merchandise store of J. B. Newton & Sons at Milano early last spring, was arrested last Saturday five miles north of Cameron on the Watt farm by Alonza Garza, special Mexican deputy from Jackson county.

Following the robbery of the store Sheriff L. L. Blaylock was summoned and with others captured one of the Mexicans after having exchanged several shots with the Mexicans. Conviction was secured and the captured Mexican was sent to the penitentiary to serve a five year sentence.

Invoice taken showed that \$800 worth of merchandise was stolen from the store and carried away in suit cases. Rosendo Jonontewaller is believed to be the instigator of the robbery. He is being held in the local jail where placed last week by Sheriff Blaylock and Special Deputy Garza.

RED HOG RAISERS ASK FOR LIBERAL PRIZE OFFERS

List Revised to Include all Predominant Breeds of Hogs in the County.

Producers of Duroc Jersey hogs and other predominant breed of swine in the county will share liberally in the prizes to be offered at the first annual hog and poultry show to be held in Cameron November 24.

This matter was brought up at the last regular meeting of the club held on Friday night when it was urged that the red hog producers had complained about the prizes going too strong for the black hog men. The change necessitated adding considerable to the list of prizes but this has been done and it is now possible for all producers to participate in the show with assurance that they will receive prizes.

This will be the first annual hog and fat stock show for Cameron. Arrangements are being made for the show and all details are being attended to be the committee of which Mr. Cobb is the chairman.

mercer and other business men of the Laredo district, who will attend the inauguration of Governor Alvaro Obregon as president of the Mexican republic, which will take place Dec. 1.

WORK IS BEGUN ON METHODIST CHURCH BUILDING

Will be One of Finest Buildings in Central Texas and to Cost \$100,000.

Construction work has begun on the Methodist church building is Cameron. Ground was broken early last week by the J. E. Johnson Construction Company of Waco, the general contractors.

Material for the construction of this building has been sold by the Milam County Lumber Company of which H. C. Walters is the local manager. This represents a large output of material, one of the two large sales made this year by this yard, the other being the First National Bank building.

It is stipulated that this building shall be completed early next year. Work of wrecking the old building was begun last week. The old building was constructed in 1901.

The new church will face south on the corner property joining the federal building.

RED CROSS GROWS IN SOUTHWESTERN STATES DIVISION

More Than 140 Public Health Nurses On Duty in States Included in This Division.

How the public health work of the American Red Cross is the Southwestern Division has grown more rapidly since January 1 last than at any period, is shown by a chart which has just been drafted at Southwestern Division headquarters, St. Louis.

The states of the division are Missouri, Kansas, Texas, Oklahoma and Arkansas.

The chart shows that, whereas there were but 27 nurses in the entire division January 1, the number now is 140, with additional nurses being appointed as they can be secured.

The greatly increased number of public health nurses in the division is looked upon by Red Cross officials as remarkable, because of the shortage of nurses which now exists. Many of the nurses who have been placed in duty recently were secured through a campaign for student public health nurses, which was carried by the Red Cross and other agencies.

How the work has grown in each of the states is shown by the chart, as follows:

Thanksgiving is Day Proclaimed by President

Washington, Nov. 18.—President Wilson issued his Thanksgiving proclamation last night, saying that "in plenty, security and peace, our virtuous and self-reliant people face the future," and setting aside Thursday, Nov. 25, for the usual observance. The text follows:

"The season approaches when it behooves us to turn from the of our daily life, that we may contemplate the mercies which have been vouchsafed to us, and render heartfelt and unfeigned thanks unto God for his manifold goodness.

"This is an old observance of the American people, deeply imbedded in our thoughts and habits. The burdens and the stresses of life have their own insistence.

"We have abundant cause for thanksgiving. The lessons of the war are rapidly healing. The great arms of free men, which America sent to the defense of liberty, returning to the grateful embrace of the Nation, has resumed the useful pursuits of peace, as simply and as promptly as it rushed to arms in obedience to the country's call. The equal justice of our laws has re-

REV. IRA F. KEY TO ANNUAL CONFERENCE

POPULAR CAMERON PASTOR HAS BIG PROGRAM UNDER WAY HERE.—CHURCH WANTS HIM RETURNED

Rev. Ira F. Key, pastor of the Cameron Methodist church left Tuesday morning for Houston where he will attend the annual Methodist Conference and will return to Cameron early next week. There will be no preaching at the church Sunday. The regular service hour will be given over to a Red Cross program.

Rev. Ira F. Key has spent one year in Cameron as pastor of the church and during this period has been successful in both spiritual and material aspects.

The church has undertaken the greatest development program in its history. Construction has begun on the new \$100,000 church building, a project launched since the ministry of Rev. Key began in Cameron.

Rev. Key has not only measured up to the requirements of this flourishing pastorate with its expending duties and influences, but has found a large place in the heart of all the citizenship as a progressive citizen and town builder.

The desire that he shall be returned to Cameron by the Conference assignment at Houston is universally expressed. The church and all Cameron need men of his type. It is especially important to the plans of the church that he be returned as pastor to complete the great work his vision and practical Christianity has evolved.

Rev. Key is a young man and the success he has attained in the ministry bespeaks for him a wide influence in the religious world.

1, last, 55 now; Kansas, six on duty January 1, 36 now; Missouri, 3 on duty January 1, 26 now; Arkansas, 2 on duty January 1, 15 now and Oklahoma, 4 on duty January 1, 8 now.

The work of the nurses is the principal part of the health work of the Red Cross in its peace-time program. They make examinations of school children, do follow-up work to eradicate physical defects that are found among them, and do other kinds of health work which present themselves.

The Red Cross plans also to establish Red Cross Health Centers throughout the division. The centers will serve as clearing houses for information on health and are expected to do a great work in helping people become well, and helping those who are not ill or suffering, to remain thus.

Soldiers of the world war, who were in Cameron on last Thursday to celebrate the Armistice Day were admitted to the show of the Auditorium Theatre free. A large number of the soldiers took advantage of the hospitality of the management and were guests for the show.

The soldiers were admitted to both the afternoon and night shows.

DEMOCRATS PLAN TO RECLAIM 14TH

Steps Being Taken to Eliminate Wurzbach in New District.

San Antonio, Texas, Nov. 17.—Establishing of new boundaries for the Fourteenth Congressional District and the elimination from the district of Kendall, Comal and Gaudalupe Counties, will be one of the political coups attempted by the State Legislature, overwhelmingly Democratic, when it goes into session next January according to well-founded reports.

The move to create a new congressional district, it is said, will be a Democratic endeavor to prevent the re-election two years hence of Congressman-Elect Harry M. Wurzbach, Republican, of Gaudalupe County. Big majorities roled up by Wurzbach in Gaudalupe, Comal and Kendall Counties, together with several hundred votes in his favor in Bexar County, made possible his victory over Carlos

Bee, present Democratic Congressman from the Fourteenth District, according to Democratic leaders, who, it is said, are backing the "redistricting" move. The proposed plan of eliminating certain Wurzbach strongholds from the Fourteenth District also provides for the addition of other Texas counties along the Gulf Coast, which will extend as far north as Galveston County, according to reports. The counties which it is said will be added to the district to replace Comal, Kendall and Gaudalupe Counties are expected to be Galveston, Brazoria, Matagorda, Calhoun and Refugio. Should the new district be created along these lines it would make a long "shoe-string" of counties arranged in an "L" shape and almost 200 miles in length.

"They can not change the boundaries if many districts any faster than I can change my legal place of residence, so that I will be in any new district that is created," declared Judge Wurzbach over the long distance telephone today when informed of the proposed plan. At the present time the new Congressman-elect is on a deer hunting trip and is reported to have secured two big bucks.

HOG MEN ASKED TO ARRANGE FOR PENS

Chairman Cobb of Stock Show Committee Issues Appeal for Advance Booking of Exhibits.

Chairman Wm. M. Cobb of the livestock show committee has asked that all prospective exhibitors arrange as early as possible for pens for their hogs and other live stock to be placed on show at the show on November 24.

Following is the statement of Mr. Cobb:

Get your stock ready and advise the management what your pen requirements will be so that enough pens will be provided. Exhibitors will engage hog pens by Monday, November 22d. No charge for pens.

Poultry will be shown in coops provided free by the management. Speak for yours as early as possible.

Show will be held in Bartz Mule Barn, rain or shine.

All entries must be placed by 8 a. m., day of show. If possible, send the evening before.

Revised prize list provides as liberal premiums for red hogs as well as black.

All live stock must be registered and certificates filed with the management at the time of entry.

B. P. Matucha, August Gurchy and Elbert Matula had a narrow escape last Thursday night while out hunting. They were making preparations to start after game and were parking the car near the road-side when the car went over an embankment into Bear Creek, making a fall of six feet to the water and into five feet of water. The car having all curtains on made it very difficult to get out. Mr. Matula was out of the car at the time and he plunged in and tore off the curtains, making the way clear for the inmates. The parties used good judgment by walking home as the north wind was very refreshing. The distance being three miles.

RED CROSS ROLL CALL UNDER WAY; PROGRESS RAPID

Chairman Atkinson Pleased With Success Attained During Early Days of Week.

Roll Call director B. P. Atkinson for the fourth annual Red Cross drive in Milam county announces that committees throughout the county are reported well advanced on the work of the roll call which will end officially on next Thursday.

The canvas in Cameron is especially pleasing says Mr. Atkinson. Owing to bad weather the drive was delayed one day, having been planned to start on Monday. The canvas in the city was begun Tuesday and the day netted a number of members, far more than was expected. Down town booths were set up, one of which was in the Federal building.

Reports have come in from various sections of the county and show that good progress is being made in every way. With two exceptions the committees are all at work.

While the roll call will end officially on November 25, it is planned by Mr. Atkinson to carry on the drive until December in order to aid the great peace time program of the Red Cross.

The quota set for the county is 3676 members. It is believed that a large number of five and ten dollar memberships will be enrolled, however the regular membership is 31. Provision is made for memberships in the larger denominations and the number of these will depend upon the generosity of the people.

One half of every dollar collected will be spent by the local chapter to retain the public health nurse and to support other features of peace time program of the Red Cross. This feature makes it desirable that all contribute as liberally as possible to the roll call.

COAL SHORTAGE IS REPORTED HERE

Mines Given Over to Supply of Railroads in Oklahoma Says Jeter.

With the railroads demanding and consuming the maximum output of the principal coal fields of Oklahoma from which comes the supply furnished by the local dealer, the Jeter Lumber Company, the shortage will be acute for the next 60 to 90 days.

R. P. Jeter declares that he has the promise of a car shipment in November but has been advised that further delivery for at least sixty days will be impossible.

The McAllister and other coal districts of Oklahoma have been closed to domestic demand due to the consumption of the railroads. While supply could be furnished for domestic use there were no cars to move the coal.

At least 80 per cent of the normal local demand has been met because of the early orders solicited and received at the local yard. There will be a west of fuel in Cameron this year. About 40 tons of coal is now in the bins of the yards here.

As against wood, coal used in Cameron only looks about twelve and one-half per cent of the fuel supply. The city is surrounded by timber lands but the shortage of labor has made it impossible to secure wood at prices less than \$10.00 per cord. It is estimated that coal as a fuel value represents one ton to two cords of wood and is cheaper as the present price is around \$17 per ton.

Eight thousand cords of wood are used in Cameron each year, in addition to the coal used. The coal sold here is handled on a very close margin and its use is to be encouraged because of its value as a fuel for both domestic as well as industrial purposes.

There will be services at the Baptist church Sunday. Announcement of this service was made this morning. All are cordially invited to attend.

Mrs. E. C. Collier of Waco, who has been visiting with Mrs. T. N. Lindsey, returned to her home last Saturday.

MEN OF M. E. CHURCH ENTERTAIN THE LADIES

Last Friday night at the American Legion Hall the losers of the Sunday School contest entertained quite pleasantly.

The High School Orchestra entertained the crowd while they were gathering after which Mr. Roy Baskin kept the crowd roaring with laughter while he attempted (?) to tell "why men were smarter than women."

Mr. Childress was put up next to make an impromptu speech, which he did, but bashfulness overcame him. He made the speech all right, but in such a low tone it could not be heard. Lee Tag came next and, as the children would say, he shed "barrels" of tears and nearly chewed his fingers off in making it.

Messrs. Jeff Kemp and P. O. Adams were entirely backed down, so took it for granted that "Mary" did have a little lamb, but doubts are held that "there's a hole in the bottom of the sea."

Following this bit of fun, there was a piano solo by Mr. Robert Smith, violin solo by Mr. Medsker and the orchestra entertained while they waited for refreshments.

At the close a delicious course was served by Messrs. Charlie Price and August Horstmann. In the kitchen Messrs. Joe Lindsey and Bill Alex Bonds acted as dish washers and showed good wifely training.

Ham sandwiches and two kinds of cake and chocolate were served.

MRS. C. A. DAWSON HONORED

Mrs. Charlie Lay entertained at an afternoon luncheon last Friday, naming Mrs. Dawson of Sweetwater, as her honor guest.

Mrs. Dawson moved away from Cameron twenty-five years ago and it was sixteen of her dearest friends of long ago who were bidden to the feast.

The hall and living rooms were decorated with yellow and white chrysanthemums, and the dining room in bronzed chrysanthemums.

A personal contest, in which the answers had to be made in the first letter of their own names came first, followed by a squared word contest.

Four square tables were brought in and covered in yellow and white and the same color scheme carried out in the menu, except the table of the honor guest. It was laid with a pink luncheon set and held a vase of pink killarney roses.

A three course luncheon was served by Mrs. Lay, assisted by Mesdames Howard Baskin and Ira Key, consisting:

Menu
Turkey with accessories
Pear Salad Wafers
Marshmallow Souffle, Cocoanut and Marble Cake

Place cards were conundrums and during the last course the ladies toasted Mrs. Dawson and Mrs. Lay presented her with a lovely bouquet of pink killarney roses, and at the very close the ladies all stood and sang "Auld Lang Syne."

Mrs. Ira Key presided at the guest book and it was also presented to the honor guest.

BAPTIST DEACONS' DINNER

Mr. and Mrs. Charlie Lay entertained the seven deacons of the church at an elegant six o'clock dinner last Friday evening.

The same decorations of the afternoon stood and with the lights turned on the reception suite was even more beautiful.

As men do not care for "frills" they thoroughly enjoyed social intercourse while partaking of the following six course dinner.

FOR MRS. CORNELIA BROWN

Mrs. Cornelia Brown was a very prominent resident of Cameron some years ago and when she visits her son, Mr. R. D. Brown her friends are always glad to welcome her.

On last Wednesday afternoon Mrs. R. D. Brown entertained about thirty of her mother's dearest friends. The home was resplendent in a profusion of white and bronzed chrysanthemums of Mrs. Brown's own raising.

Delightful social intercourse called up reminiscences of years gone by, and relating many pleasant happenings since last they met made a pleasant afternoon all too short.

Before separating Mrs. Brown served a delicious salad course assisted by Mrs. C. D. Lay, consisting of tumie salad, sandwiches and pineapple ice.

BRIDGE CLUB

The Bridge Club was most charmingly entertained last Friday afternoon by Mrs. John Watson in her lovely home on Hefley Heights.

The day was cold and dark without, but inside the reception suite was bright and warm and inviting with open fire with flames leaping high up the chimney, large vases of yellow and bronzed chrysanthemums and snowy white tables spread for the game.

A new ruling in the club gives who are prompt a hundred on their score.

Ten out of twelve were on time.

Three delightful games were played and in reckoning up found Mrs. Tiff Moore far in the lead, having seventeen hundred on her score card of autumn fruits, and the hostess very graciously presented her with a bouquet of very fine bronzed chrysanthemums.

The doors of the dining room were thrown open and disclosed a beautiful table laid for fourteen. Two oblong platters of marigold graced the table—one at either end, a white luncheon set was used and the menu also carried out the color scheme, gold and white and green.

A delicious two course luncheon was

served consisting of pressed chicken, cottage cheese salad served in fluted green pepper cups mountain high with whipped cream, butter sandwiches, salted almonds, and marshmallow dainty.

Seated around this hospitable board were: Mesdames J. L. Clinton, Oxshier Smith, Tiff Moore, Rush Thomass, Giles Avriett, Fritz Fahrendorf, Tom Henderson, Jr., John Watson, Misses Rose Rischar, Aetna Smith of the Club members and Mesdames S. A. Cottle, Jim Watson, W. A. Gillon, and Miss Beth Jeter as guests.

SYMPHONY CLUB

On last Saturday afternoon this delightful club met with Miss Ruth Henderson as hostess.

The subject, Autumn Music, was very appropriate to the season for we have had such a lovely autumn.

Mrs. Tom Henderson, Jr., was leader and arranged the following splendid program:

Son: September Charlton
Mrs. J. L. Clinton
Piano: Autumn Chaninade
Mr. Robert Smith
Song: Now Sleeps the Crimson Petal Quiltz
Miss Clara Curtis
Piano: November Tchaikovsky
Mrs. R. P. Jeter
Song: Goodbye Tosti
Mrs. C. D. Lay

After lingering a while for social intercourse the club adjourned to meet on the 20th of November with Mrs. J. L. Clinton.

BAPTIST AUXILIARY

Last Monday was Mission Study Day and the circles met at the following places:

Circle No. 1 met with Mrs. J. W. Coleman with Mrs. J. M. Ralston as leader and although only a few were present a very interesting lesson was enjoyed.

Circle No. 2 met with Mrs. Purce Collins with seven in attendance and Mrs. George A. Thomas conducted a very instructive lesson.

Circle No. 4 met with Mrs. L. L. Blaylock. Mrs. W. H. Henley led the seven ladies present in a very interesting and profitable lesson.

PRESBYTERIAN AUXILIARY

These ladies met with Mrs. Robert McLane and nine were present. The object of this meeting was to tack a comfort for Files Valley Orphanage.

Needles and tongues were busily engaged and then Mrs. McLane refreshed the ladies with a cup of tea and sandwiches.

SAYS THAT BRIDGE OVER BRAZOS IS ASSURED

Mr. O. D. Baker was in Milano on Thursday morning enroute home to Gause from Belton. He reported the highway meeting at Rockdale last Thursday a glorious success for Milano and Gause, and says that bridge across the Brazos is going to be built. He also said our representative, C. M. Beard, delivered a speech at this meeting that gave the project a shove and push of vim and truthfulness such as it never had received. That's the kind of men you want to send to attend to that kind of business. Mr. Baker said, and your town and county will always get what is coming to it.—Milano Gazette.

LACK OF 25 CENTS

By NATALIE J. HOYT.

(1920, by McClure Newspaper Syndicate.)

It was the latter part of a hot after-
noon on one of the bare yet cluttered
streets east of Third avenue. At a
casement window stood a little old
woman looking anxiously up the street
toward the corner, straining her eyes
to pierce the heavy yellow haze.

A fire escape jutted out in front of
her and hung down the face of the
building, partially obstructing her
view, so that she did not see him as
he shambled down the street, keeping
as close as possible to the buildings
for the scant protection they afforded
from the sun.

He came up the rickety stairs,
opened the battered door with a key
from his pocket, and stepped into the
room. Still she did not hear him,
through the noise of elevated and
rolley and children in the streets.

"Mary!" She turned, half-startled,
holly relieved and came toward him.
She may no longer have had hope,
but she still had him!

He kissed her and went over to the
couch and sat down—a
very rickety old man. She seated
herself beside him, laying her hand
on his knee, observing with
articulate misery the strained face
and hopeless attitude.

"No use, Mary!"
She did not seek to question or deny
but sat close to him, gently patting
his knee.

"Three months now I have been at
day in and day out. But who'd
have a poor old horse like me? How
they know it ain't drink or good-
for-nothingness that's brought me
where I am? And even sickness is
just as bad. What d'they want with
an old man who's been sick—and
shows it?"

Silence, his big hand now laid over
her.

"Milly and Dan," he rambled on
again. They've been keepin' us all
the time—think of it, Mary!

"But what could we do, Tom?" she
interrupted hopelessly. "Milly wouldn't
hear to our goin' to the almshouse."

"God help us, no! I wa'n't thinkin'
of that. Don't you know they'd sepa-
rate us there! There's a better way
than that. You see, Mary, as I look
at we ain't entitled to more'n one
apple, and for three months now
an' me's been poachin' on some-
body else's." He looked at her, half
humorously, half pityingly. "Would
you be afraid, Mary—with me?"

She began to comprehend and a
silver passed through her. "You
mean—you mean—"

"Wouldn't it be better'n to live
apart, you an' me—who ain't never
been separated for over 60 years?"

"Yes—oh, yes! she murmured.
He turned her face up to his, look-
ing into her eyes. "Tell me—you ain't
afraid, my girl—with me?"

"No, Tom, I ain't afraid—to go any-
where with you!"

Meanwhile in the flat upstairs
as though spreading their more youth-
ful and sturdier wings protectively
over the old people—lived the daugh-
ter and son-in-law. Here, some time
later in the afternoon, the younger
generation was likewise intent on dis-
cussing the great question of ways
and means. But their faces were
glow with new hope and purpose.

"An' now, Milly, old girl," Dan ex-
claimed triumphantly, "you an' the
little kid can go to the country an'
take your blasted old fresh air cure!"

"Oh, Dan, ain't it grand!" she
repeated for the hundredth time. "But
just wait till I tell ma an' pa," she
looked at him proudly, "that you been
made a foreman! Didn't I always say
'was comin' to you? They ain't talked
much about it, Dan, but they been
frettin' mighty bad to think you've
had to take care of 'em. It's been
eatin' the very heart out of poor pa—
with me an' little Kitty sick especial-
ly. I just can't wait to tell 'em you've
got some real pay comin' to you now,
an' that I need 'em—as bad as they
ever did us—to look after you an'
the other kids while me an' Kitty's
away. Come on—let's go down now!"

In buoyant spirits they hurried down
the rickety stairs to the door below
and tried the knob, then rapped—
waited, and rapped again. But there
was neither sound nor stir within.

With the dawning of fear in her
face, Milly looked at her husband,
who wouldn't've gone out without
a key to the door.

Dan's face was set and he began
to pound the door, that soon gave be-

fore his kicks and blows. A burst
of heavy, nauseous air assailed them.
With instant command of the situ-
ation Dan seized the panic-stricken
Milly, looking her in the eye—and
spoke sharply. "Don't lose your nerve
now! Open the windows wide, quick!
I'll get an ambulance."

The young surgeon set to work with
will, enlisting the services of Dan
and Milly by his brief, sharp orders.
"Any hope?" whispered Dan.
"It doesn't seem as if there could
have been a full flow of gas here," re-
plied the young doctor. "I guess the
motor must have run out."

Milly looked from the interne's face
into her husband's.

"Dan! Just to think! An' I sup-
pose poor pa didn't have another quar-
ter to put in it!"

The young surgeon smiled up at
them both.

"Well, you can thank your stars he
didn't—let me tell you—for that the
office when the lack of a quarter saved
two lives!"

"CAVEMAN" STUFF ALL RIGHT

At Least, One Indiana Man Is Sat-
isfied With the Way It Worked in
His Particular Case.

Now, she is a very sarcastic young
woman, and the man who wishes to
marry her is often much tormented
with her ability to say things which
make him distinctly uncomfortable.
One night one of his friends and he
decided to go to a picture house and
there they saw a play in which the
caveman stuff was exceedingly strong.
Evidently that gave the young man
an inspiration, for the next cutting
remark the young woman made he
resented.

He had come to take her for a
drive. After getting her safely set-
tled in his car and having placed a
large box of candy in her lap he set-
tled down for a pleasant evening.
But not long. The young woman could
not stand his ease. She deliberately
opened her box, took out a bonbon,
nibbled at it a minute and then said
in icy tones: "Why, this candy is
stale."

At first the young man felt inclined
to writher, but the next minute the
caveman stuff of the movie darted
into his mind. He did what he
thought was a real rough act. He
seized that beautiful box of candy
and threw it as far as he could.

For a long time there was silence.
Then the girl began the conversation.
And this time she spoke meekly and
in "honied" tones. She is still speak-
ing in the same way whenever she
is with him.—Indianapolis News.

PAVING MATTER IS TABLED BY CLUB

MOTION FOR COMMITTEE TO PETITION FOR ELECTION TABLED AT FRIDAY NIGHT MEETING.

The proposed petition to the city council asked by Mayor U. S. Hearrell with the view of securing tax levying privileges to pave the business district of Cameron was lost Friday night when the motion for the committee was tabled by an overwhelming vote.

The original move was brought through the civic improvement committee of the club in an effort to co-operate with the council in arriving at a paving plan as proposed by Mayor Hearrell. The committee asked the appointment of a committee to petition for an election. Mayor Hearrell presented the matter to the club and entered a plea for the petition. Two weeks ago the matter was postponed after some discussion until the meeting Friday night. The proposition seemed to have lost momentum after having lain on the colling board for one week and the motion to table definitely came without effort.

Mayor Hearrell who was present at the meeting did not champion the move further, having smiled good naturedly as the defeat came. This will mean that the club will not sponsor a petition for an election. Mr. Hearrell has not stated whether he has other plans to pave the streets of Cameron which have been scarified and smoothed down during the past week.

ALL DAY SERVICE AT METHODIST CHURCH

The Woman's Missionary Society of the Methodist church enjoyed a most delightful all day session at the church Tuesday, Nov. 9. It was the annual week of prayer services and three programs were rendered during the day. Mrs. York was leader in the morning, having as her subject "The Mexican Work." The devotion was on the subject of Personal Prayer and a most interesting and helpful talk was given by the leader. Mrs. York was assisted in her program by Mesdames Ellison, J. Clement and Sam Clement. At the close of this service a most bountiful lunch was served and thoroughly enjoyed.

The program of the afternoon began promptly at 1:30 with Mrs. Watkins as leader, having as her subject, "The Motherless and Homeless Daughters." The devotional was on family prayer, and by the talk of the leader and clippings read we were led to see the great benefits derived from family prayer. Mrs. Watkins was assisted in her program by Mesdames Ramsey, Sam Clement and

P. H. McKinney of Jones Prairie, was in Cameron Friday afternoon.

DODSON TELLS THE HORROR OF CALOMEL

You Don't Need to Sicken, Gripe, or Salivate Yourself to Start Liver.

You're bilious, sluggish, constipated. You feel headachy, your stomach may be sour, your breath bad, your skin sallow and you believe you need vile, dangerous calomel to start liver and bowels. Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money. Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling splendid. It is perfectly harmless, so give it to your children any time. It can't salivate.

Gresham. The last program was led by Mrs. White; the subject being "The World Today," and the devotional was on public prayer. Mrs. Bert Elliott gave an instructive talk on the Mexican. Mrs. Clement and Mrs. Crockett discussed the Missionary Society. The work being done and why every woman should belong. Others taking part were Mesdames Phillips, J. Elliott, Will Clark and McGinnis.

Many ladies were present during

the day and a nice offering amounting to about fifteen dollars was taken for the homeless and motherless girls of our Vashti Home and a mission school in Mexico.—Thorndale Champion.

REMEMBER to ask your grocer for Calumet Baking Powder and be sure that you get it—the Indian head on the orange label. Then forget about bake day failures. For you will never have any. Calumet always produces the sweetest and most palatable foods. And now remember, you always use less than of most other brands because it possesses greater leavening strength.

OAKDALE NEWS
Mrs. S. Hause

Oakdale, Nov. 15.—We have had some very bad cold weather these few last days. Thursday was cold, but we could stand it and went to Cameron, but if it had been later we would have stayed at home. We got to see all that we had not seen for several months. Those who were at Cameron, Thursday from here were Messrs. Marshall Garner, Theo Ashenbeck, Eugene Hause, Dean Shelton, Erwin Cook, Mr. and Mrs. Honal of Hoyte, M., and Mrs. Sid Hause. There was a great many others that were to go but they were afraid of the weather. They have a cad and can't go any time like, who have mules.

Theo Ashenbeck and mother were at Rosebud visiting Mrs. Beckhusan for several days. They went Friday and are still there. We hope they will stay till the weather gets good, but we hope that will be soon.

Mr. and Mrs. Clyde Hensley are at Watts Switch to see her parents, Mr. and Mrs. Charley Angell.

Hoyte and Prospect school both had school all day Thursday if the teachers did want to go to Cameron to the celebration and good dinner, and I feel like telling them that they missed something great and good.

The most of our neighbors have killed one or two of their hogs and have sent us a sample, for which we are very thankful.

Mr. Geo. Banzhaf, our County Agent was with us last Tuesday running off Mr. Sid Hause's land for him to terrace later.

Mr. Jim Baker and family have returned after being off on a cotton picking trip. They say they had a very nice time and made some money while they were picking.

Miss Nancy Ethridge, teacher at Curry, was to have come home for the first time Saturday, but the weather was so bad I feel sure she did not get there.

Mr. Matzig was killing hogs Saturday.

Mr. Sid Hause was in Milano Saturday buying lumber to fix some of his rent houses, but it is so cold this morning he will not be able to get a carpenter to do the work.

Mrs. Wetsbrook and two children of Liberty, Mrs. Hill and Mrs. Lipscomb were in Cameron several days ago, and on their way back home they stopped a while with us.

The City Editor said to the young reporter: "Three nights ago, Dr. Ord, the famous surgeon was found dead in his laboratory with his back broken and not a mark on his body. The night the district attorney suffered a similar fate. Last night the same thing happened to one of the most prominent judges in the country. The city is panic stricken. Thousands of people are fleeing. We must have that story, 'GO AND GET IT.'"

Marshall Neilan's "Go and Get It," a sensational photoplay of the thrills and romance in the making of a great daily paper, has been booked for two days at the Motion Picture Palace for two days in early December—4th and 5th. Manager Sam Hefley in giving advance notice to the coming of this great picture is doing the movie fans a great turn for they want to see this picture which has gripped the world.

It is something that is not quite expressed in the unusual, it is actually astounding in its cleverness and reveals the length to which the art of the screen has advanced in productions. It has been received with wild acclaim all over America by people who know little of the inside workings of the great daily newspaper field; how the shrewd and trained mind of the newspaper reporter "goes and gets it" when obstacles that would bar most human ingenuity surround the facts through which he must penetrate to get the "dope" and get it right.

It is a story of lurid detail; gruesome trails through veils of mystery of darkness and danger. Always the shrewd intelligence and dogged persistence of the newspaper reporter comes out on top, mastering the situation. But greatest of all is the detail of how they "go and get it" bring

in for the big story all the harrowing details of murder, writing it in words that make it real no matter how deep the mystery or the tragic scheme.

It carries a pretty girl reporter in romance with an ambitious chap who is also a reporter on the same paper. Those who know the game will appreciate the story and others will be glad to learn.

"Shut-the-door" Gordon, publisher of a newspaper by Katherine O'Neil, is in conspiracy with the owner of a rival newspaper to so neglect and cripple the O'Neil paper that it can be purchased cheaply.

Through friendship with Katherine O'Neil, Helen Allen gets a position on the paper where she makes friends with Kirk Connelly, a young and ambitious reporter. Shortly afterwards, Connelly gets a scoop on the suicide of a local millionaire. He knows his story is exclusive. Carrying out his plans to injure the standing of the paper, Gordon arranges with the press foreman to break the press in order to prevent an extra edition. In addition Gordon telephones the story to the rival newspaper. The result is that again Katherine O'Neil's newspaper is made the butt of much ridicule. Connelly is angry and expresses the belief that Gordon is crooked.

Helen is assigned to interview Doctor Ord, famous scientist, on the question of the substitution of new glands for old ones in an effort to prolong life indefinitely.

Helen previously knew Dr. Ord in the European battlefields and her friendship leads him to grant her an interview on a startling experiment he is about to perform. The interview takes place in a subterranean chamber next door to a prison and the doctor tells Helen that a prisoner has deeded over his body to Dr. Orr after death for the sum of \$5,000.

The next day's newspaper tells of the death of the prosecuting attorney, and judge. Helen reveals information about the secret chamber and her interview with the doctor. Connelly and Helen investigate, finding a diary belonging to Dr. Ord and in which details involving the transplanting of the brain of a criminal into the skull of a gorilla. Looking over the files, Connelly finds where this convict had men during the trial.

In order to strengthen his theory it is necessary for Connelly to locate an Algerian servant of Dr. Ord's. Using an airplane he boards a train in motion does not find the servant, uses a seaplane and reaches the steamer on which the Algerian is traveling. There he locates the servant who states that

when the Doctor placed the brain of Hogan in the skull of the gorilla, the Gorilla carried out the threats of Hogan before the latter's death.

Connelly writes the lead on his story and shoots it in the office. Gordon tips off the story to the other paper.

Rival reporters and subsidized detectives plan to trap Connelly and Dinty—both of whom are waiting at the home of Hogah's brother for the arrival of the Gorilla.

Connelly gets the scoop, also promotion and a bride—but in getting them he has some thrills that have never before been pasted on celluloid.

MRS. CORRA WALKER PASSES AWAY

A death of unusual sadness occurred at Davilla, Texas, on Friday, November 5th, 1920, when the spirit of Mrs. Corra Gregory Walker left its earthly sanctuary for that abode provided by an All-wise Creator. An invalid for several months prior to her death, it was still hoped by loved ones that she might live longer.

Mrs. Walker was born at Gano, Williamson county, in 1876, and was married in 1892, to Monroe Walker of Davilla, and here she spent the remainder of her life. A life, the emulation of which will be a credit to any one of the seven children whom she leaves behind. At an early age she became a member of the Methodist church and ordained her own life according to its teachings.

At the Friendship cemetery on Saturday afternoon, the relatives, neighbors and friends gathered to pay their last tribute of respect, while Rev. Coleman offered words of consolation in a sad but beautiful service.

Among the relatives left behind, the grief stricken husband, Monroe Walker, and seven children, also her father, J. B. Gregory of Davilla, and three brothers, two of whom Alvin and Howard Gregory, live in South Texas, and a sister, Mrs. Lena Edwards of Huntsville, have the sympathy of a great number of friends who realize that only time can alleviate the grief for "time is the only enemy grief can call its own."—Thorndale Champion.

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chill TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chill TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chill TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chill TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. Whiteside, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

Thedford's BLACK- DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Thedford's Black-Draught," is on the package. At all druggists.

Fordson Farm Tractor

The Fordson Tractor was made to meet the demands and necessities of the every-day American farmer. It was made with the thought that it was necessity of the man of forty acres as well as the man with one thousand acres. It was made not only for plowing, harrowing, discing, drilling, mowing, reaping, but for all other work on the farm where power is necessary. It was made to bring conveniences to the farmer's home as well as for the cultivation of his fields. It was made to furnish power for the cream separator, silo filling, cutting feed, sawing wood, furnishing power for milking, washing, supplying the house with running water, electric lights, and the hundred and one things on the farm. It was made to do all this economically and in a reliable way. It was made to be the big profitable servant on the farm.

And it has not failed in any of the expectations had for it. It has been tested as no other Tractor has been tested. It has been proven reliable and can furnish proofs impossible to any other Tractor. It has done these things not only in America but in Europe, Asia, Africa, and in the Islands of the Seas. It has met successfully the demands of farmers in every part of the civilized world.

Therefore, the Fordson Tractor can meet all the conditions of your farm. When you buy a Fordson, you are not buying any experiment—you are buying a servant and a money-maker for you that you can depend upon absolutely from the first day you put it to work. It is easy to understand. It possesses all the power you want. It is simple in control. It is more flexible than you imagine. It will help you cultivate every foot of ground you have, and every day in the year you will find use for it on the farm. Its appeal to the farmer is in its dependable service and the wide variety of work it can do.

We'd like every farmer that reads this, if he hasn't a Fordson Tractor already, to come to us and let us sell him one. Let us demonstrate its powers, its values, on your farm. Let's get into details—power, reliability, economy. While the sale of a Tractor to the farmer means a money-making servant every day for years. So the sale of the Fordson means more to the purchaser than it does to us. We are arguing for your good, Mr. Farmer. Come in and talk it over. Your time against ours. It is worth it.

And remember, when you buy a Fordson Tractor, we are right here to keep that Tractor in reliable running condition every day. You won't have to wait if anything should get out of order. We are right here to keep it right, because one of the conditions of the Fordson Dealer is that he must keep on hand always a complete supply of parts. This is a guarantee we don't believe you can get with any other farm Tractor. Come in. Let's talk it over.

President-Elect Speeding From Cold Blasts of Southern Texas

On Board President-Elect Harding's Special Train, Nov. 17.—President-Elect Harding's vacation in Texas came to end today and he was well on his way toward New Orleans to-night to board a steamer for a voyage in southern waters.

His special train left Brownsville, Tex., at 10 o'clock this morning on a scheduled run of exactly twenty-four hours along the gulf coast to the Louisiana port. He will stay there five hours, making an address at noon before the New Orleans Association of Commerce and boarding his steamer, the United Fruit liner Parismina, at 3 p. m. Whether Vera Cruz or some other Mexican port will be visited by the president-elect had not been announced tonight. The Parismina's present sailing orders called for a direct run to the Panama Canal Zone, but Mr. Harding has indicated that he might request a change to permit him to accept the invitation to visit Mexican territory tendered him yesterday at Brownsville.

Crowds came out to greet Senator Harding at several towns along the way but only a few stops were permitted by his schedule and he made no rear platform speeches.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Cameron people recommend Doan's stronger proof of merit?

Ask your neighbor. Melvin Weems, E. 2nd St., Cameron, says: "My kidneys had bothered me more or less for a long time. It seemed whenever I took a little cold or there was a sudden change there was a sediment in the secretions and they smarted and burned in the passage. My back got lame, and the muscles all through me were lame and sore. I had taken all kinds of medicines but didn't get any help at all. I called on the doctor here for advice and he told me to take Doan's Kidney Pills. I followed his advice and got a supply of Doan's and took them as directed. I am very proud to say Doan's Kidney Pills cured me and my kidneys have been strong and in good shape since then. I very gladly endorse Doan's Kidney Pills."

HARDING GAINS TWENTY-EIGHT POUNDS AND WORKS EVERY DAY SINCE TAKING TANLAC

"I have gained twenty-eight pounds and all my old-time strength and energy have returned since I began taking Tanlac," said George L. Harding, a well-known longshoreman of 914 1-2 James Street, Seattle, Washington. "For two years," said Mr. Harding, "I had indigestion so bad everything I ate seemed to act like poison to me. My stomach would cramp so I would double up like a jack-knife and I suffered constantly with headaches, constipation and dizziness. I had the rheumatism in my hips and legs so I could hardly lift anything—although I have been used to hard work all my life. Finally my trouble got so bad I could no work more than two or three days a week and I knew I couldn't keep going at all much longer."

"One night as I was sitting in the Union Hall, all doubled over with cramps in my stomach, one of the boys advised me to try Tanlac and sure enough it began to relieve my troubles right away. Now I eat anything and lots of it; the rheumatism has left me entirely and I work with the best of them every day. I hardly every felt better in my life and Tanlac has set me so firmly on my feet it is a pleasure to give my endorsement."

Everyone Should Drink Hot Water in the Morning

Wash away all stomach, liver, and bowel poisons before breakfast.

To best feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no ache, colds, rheumatism or gassy stomach, you must bathe on the inside like you bathe on the outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse purify and freshen the entire alimentary tract before eating more food.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

EUROPEAN CHILDREN PLACES HOPES IN 4TH ROLL CALL

RED CROSS WILL GO TO AID
AMERICAN CHILDREN ALSO
THROUGH PEACE PRO-
GRAM

Millions of children in Europe, robbed of the joys of childhood and most of the natural safeguards to which they are entitled, by the war, and thousands of children in the United States who are hindered in life because of preventable ailments, are looking to the Fourth Annual Roll Call of the American Red Cross as one of the principal means by which they will be restored to a normal condition.

The Roll Call will be from Armistice Day, November 11 through Thanksgiving Day, November 25. In that time efforts will be made to reach every person in the Southwestern Division of the Red Cross, which embraces the states of Missouri, Kansas, Texas, Oklahoma and Arkansas, as well as other sections of the United States.

There is a vast work throughout Europe and the United States, waiting to be carried on a much larger scale than has been possible heretofore, which will be taken up by the Red Cross workers. To gain for this work the great success that has been planned for it by Red Cross officials the first step is the Roll Call.

In the Roll Call funds to carry on the work will be obtained of course, but most of all, the membership of millions will be rolled up, it is hoped, to spur the workers on and to show them the people of the United States have their hearts in the great peace-time program.

A great part of the peace-time program is going to be the furtherance of

the rehabilitation work now being done among the children of Europe and the United States.

In Europe, most woeful conditions exist among them, according to Dr. Livingston Farrand, chairman of the American Red Cross, who recently returned from a several months' tour of Europe. Upon his return he told of the deplorable condition among the European children and stressed the fact that they are almost entirely dependent upon the people of the United States for succor.

Dr. Farrand pointed out that time that the future of Europe depends to a great degree upon the children of the present generation. Unless they are allowed to grow into normal men and women and are helped to do so, the status of Europe in coming years, will not have progressed, he said.

Among the children of the United States, many of them are under-nourished; some suffer from ailments which, though of a minor kind, retard their progress in school and in other matters. Red Cross workers, in inspections made of school throughout the United States, have found them to be suffering from defective eyesight, defective hearing, enlarged tonsils, obstructions of nasal passages and other things which with proper care, soon could be eliminated.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Little's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

along motor routes in the country to let motorists know through what towns they are passing, has served to increase in this country the expressions of appreciation by auto tourists for the big historical books of the United States Tire Company.

In order that the boards may have a fresh interest for tourists, a page

of history is now being turned and soon every board will contain new reading matter. It is the company's plan to "turn a page" every year. If a motorist travels the same route long enough he will have a voluminous knowledge of the history of the section.

The highways of the country are

dotted with these books giving not only the names of towns but interesting bits of their history. Motorists have had through them agreeable introduction to unknown places, noted for famous achievements, for their resources, or as favored where great men first saw the light.

A THRILLING STORY BY OUR BEST
MOVIE ACTORS

FRIDAY & SATURDAY

"HUCKLEBERRY FINN"

"Mark Twain was an outstanding figure for many years as popular American personality in the world of letters. He is a humorist of a remarkable comic farce and refreshing fertility. The three most significant signs of his power is the three novels of the Mississippi, "Tom Sawyer," Huckleberry Finn," and Pudd'nhead Wilson.

This is a story of very varied interests, now comic, now almost tragic, frequently poetic, unflinchingly truthful. The picture is "Mark Twain's" book come to life.

VICE PRESIDENT TO SPEAK IN TEMPLE

The people of Temple and Bell county will have the opportunity on Monday evening of hearing Vice-President Thomas R. Marshall, who comes to Temple under the auspices of a Lyceum course of six numbers, which will be given during the winter months.

The speaker has been vice president, it is pointed out, during almost eight years of the most tragic and trying periods in the history of America and is reputed to be one of the foremost Lyceum entertainers on the American platform. He will appear at the Municipal Auditorium.

A small group of Temple citizens headed by Rev. B. A. Hodges, believing that Temple would both appreciate and support a good Lyceum, executed the necessary contracts and guarantees for six big attractions, the first of which is described as one of the rarest opportunities that has been given to the people of that section.

The other numbers which will follow are: Judge Ben Lindsey of Denver, Colorado, whose fame is of international scope. A great treat is in store with his coming, it is announced.

Edward Barrow and the Redpath Concert Orchestra will, next appear. The orchestra consists of Agnes Knofleckova, Lester Scoville, Edward Buck, Gene Lyle and Lillian Rose-land, with a well balanced and appealing program.

Then will come Charles R. Taggart the Vermont humorist, also a musician from the New England conservatory of Music of Boston. "He fiddles and talks and sings and laughs into your life," said one of the committee yesterday, "He puts fun into his music and music into his fun and both into one's soul."

The fifth attraction will be the Geneva players. These are Adams Metzler, Coral Bluning, Hellen Allen and Mildred Zaman. It is announced in their behalf that they will be beautiful and beautifully gowned, full of interest, music, entertainment and drama. A whole evening full of music and love and pathos and fun.

The sixth and last attraction will be

the St. Clair Sister. They are well known, it is announced, to many Temple people and it is anticipated that the house will be packed at their performance.

The season ticket for the Lyceum course will be \$2.50 plus 25 cents war tax. Single admissions vary in price, some costing \$1.00 and some even more. Dr. Hodges and his associates who have arranged to bring the course here hope to sell 500 season tickets within the next few days.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash poisons and toxins from system before putting food into stomach.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment.

A splendid health measure is to drink, before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the alimentary canal before eating more food.

A quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside bathing.

VETERANS CELEBRATE ARMISTICE DAY; TO BE MADE ANNUAL EVENT

More than 200 ex-service men were in Cameron on last Thursday to celebrate Armistice Day.

It was a gray November day in 1918 when the news of the ending of the world war came. On last Thursday it was a gray November day and the bitter cold brought back memories of the chill days in late 1918 when triumph came to our arms and the men who helped to achieve that victory were in Cameron to celebrate.

Despite weather conditions the program was carried out as planned beginning at 10:30 o'clock when the soldiers and crowds gathered on the court house lawn for the opening ceremony.

The Armistice Day celebration as completed by the Commercial Club has been made an annual event and will be celebrated in the future as on last Thursday. The event was made an annual one on motion of F. S. Lesovsky at the last regular meeting of the club.

On next Armistice Day a celebration will also be planned for the negroes who served in the world war. This was determined by the Club at the last regular meeting on motion of W. W. Chambers. The Club desires to recognize the negroes during the war and will have a committee to meet these citizens of the town and to arrange with them a program suitable for their celebration.

Promptly at 10:30 o'clock Rev. Ira F. Key, pastor of the Methodist church delivered the invocation and the school children sang "Star Spangled Banner." The flag was raised by Little Miss Ruth Kemp, and was cheered and saluted as it fluttered at the top of the flag pole in the driving north wind.

Following is the pledge to the country was taken by all and there was one minute of silent prayer for the country. The school children marching to the grounds in columns of four sang "America."

Mayor U. S. Hearrell delivered the address of welcome to the soldiers, praising their patriotism and their citizenship. Lieut. Jim Baskin responded to the address of welcome as a soldier of the world war and as a citizen of Cameron.

The Cameron band played for the exercises, leading the march to the park and there furnishing the music throughout the day.

At eleven o'clock a patriotic address was delivered to the service men by Judge George Wilrich of LaGrange. Following this there was a musical program by the band.

At twelve o'clock lunch was served. This feast was planned by Cameron people and all who attended contributed baskets of food, making the lunch one of the old fashioned picnic sort.

After the lunch Mrs. W. O. Triggs and Mrs. Giles L. Avriett made Red Cross speeches, the annual Red Cross Roll having begun on that day.

An impressive memorial service was conducted by the Rev. H. R. McFadyen, pastor of the Presbyterian church. Rev. McFadyen delivered a touching address as a part of the memorial service program. There was a roll call of Milam county's dead and a presentation of a wreath by the local Boy Scout Troop.

A large number of those who celebrated left for the cemetery shortly after the service to place flowers on the graves of those who died in the service, not forgetting their comrades who had made the supreme sacrifice in the greatest war in human history.

Dr. James Watson was supervising chairman of the celebration plans.

SUNDAY RED CROSS DAY AT CHURCHES

Religious Bodies to Encourage Fourth Roll Call. Methodists Have Special Program.

A Red Cross Roll Call Program will be presented at the Methodist church Sunday in the absence of the pastor, Rev. Ira F. Key, who is attending the annual conference of this district in Houston.

Mrs. W. O. Triggs will speak for the Red Cross at the eleven o'clock hour as a part of the program to be presented. Miss Tennie Mae Bass will speak on service which is in line with the program to be presented.

On last Sunday no services were held in the city owing to the bad weather. This was the day set for Red Cross programs over the county to assist the fourth roll call. Special attention will be given to the program in the Cameron churches Sunday.

The drive in Cameron was begun Tuesday, the weather preventing the operation of the program at an earlier date as originally planned.

At the Methodist church the evening service will be announced at the 11 o'clock hour.

ROBBERY SUSPECT ARRESTED HERE

Mexican Said to Have Burglarized Milano Store Arrested on Watt Farm North of Town.

Rosendo Jonontewaller, Mexican, charged by indictment with the robbery of the general merchandise store of J. B. Newton & Sons at Milano early last spring, was arrested last Saturday five miles north of Cameron on the Watt farm by Alonza Garza, special Mexican deputy from Jackson county.

Following the robbery of the store Sheriff L. L. Blaylock was summoned and with others captured one of the Mexicans after having exchanged several shots with the Mexicans. Conviction was secured and the captured Mexican was sent to the penitentiary to serve a five year sentence.

Invoice taken showed that \$800 worth of merchandise was stolen from the store and carried away in suit cases. Rosendo Jonontewaller is believed to be the instigator of the robbery. He is being held in the local jail where placed last week by Sheriff Blaylock and Special Deputy Garza.

RED HOG RAISERS ASK FOR LIBERAL PRIZE OFFERS

List Revised to Include all Predominant Breeds of Hogs in the County.

Producers of Duroc Jersey hogs and other predominant breed of swine in the county will share liberally in the prizes to be offered at the first annual hog and poultry show to be held in Cameron November 24.

This matter was brought up at the last regular meeting of the club held on Friday night when it was urged that the red hog producers had complained about the prizes going too strong for the black hog men. The change necessitated adding considerable to the list of prizes but this has been done and it is now possible for all producers to participate in the show with assurance that they will receive prizes.

This will be the first annual hog and fat stock show for Cameron. Arrangements are being made for the show and all details are being attended to be the committee of which Mr. Cobb is the chairman.

WORK IS BEGUN ON METHODIST CHURCH BUILDING

Will be One of Finest Buildings in Central Texas and to Cost \$100,000.

Construction work has begun on the Methodist church building in Cameron. Ground was broken early last week by the J. E. Johnson Construction Company of Waco, the general contractors.

Material for the construction of this building has been sold by the Milam County Lumber Company of which H. C. Walters is the local manager. This represents a large output of material, one of the two large sales made this year by this yard, the other being the First National Bank building.

It is stipulated that this building shall be completed early next year. Work of wrecking the old building was begun last week. The old building was constructed in 1901.

The new church will face south on the corner property joining the federal building.

RED CROSS GROWS IN SOUTHWESTERN STATES DIVISION

More Than 140 Public Health Nurses On Duty in States Included in This Division.

How the public health work of the American Red Cross in the Southwestern Division has grown more rapidly since January 1 last than at any period, is shown by a chart which has just been drafted at Southwestern Division headquarters, St. Louis.

The states of the division are Missouri, Kansas, Texas, Oklahoma and Arkansas.

The chart shows that, whereas there were but 27 nurses in the entire division January 1, the number now is 140, with additional nurses being appointed as they can be secured.

The greatly increased number of public health nurses in the division is looked upon by Red Cross officials as remarkable, because of the shortage of nurses which now exists. Many of the nurses who have been placed in duty recently were secured through a campaign for student public health nurses, which was carried by the Red Cross and other agencies.

How the work has grown in each of the states is shown by the chart, as follows:

Thanksgiving is Day Proclaimed by President

Washington, Nov. 18.—President Wilson issued his Thanksgiving proclamation last night, saying that "in plenty, security and peace, our virtuous and self-reliant people face the future," and setting aside Thursday, Nov. 25, for the usual observance. The text follows:

"The season approaches when it behooves us to turn from the of our daily life, that we may contemplate the mercies which have been vouchsafed to us, and render heartfelt and unfeigned thanks unto God for his manifold goodness.

"This is an old observance of the American people, deeply imbedded in our thoughts and habits. The burdens and the stresses of life have their own insistence.

"We have abundant cause for thanksgiving. The lessons of the war are rapidly healing. The great arms of free men, which America sent to the defense of liberty, returning to the grateful embrace of the Nation, has resumed the useful pursuits of peace, as simply and as promptly as it rushed to arms in obedience to the country's call. The equal justice of our laws has re-

REV. IRA F. KEY TO ANNUAL CONFERENCE

POPULAR CAMERON PASTOR HAS BIG PROGRAM UNDER WAY HERE.—CHURCH WANTS HIM RETURNED

Rev. Ira F. Key, pastor of the Cameron Methodist church left Tuesday morning for Houston where he will attend the annual Methodist Conference and will return to Cameron early next week. There will be no preaching at the church Sunday. The regular service hour will be given over to a Red Cross program.

Rev. Ira F. Key has spent one year in Cameron as pastor of the church and during this period has been successful in both spiritual and material aspects.

The church has undertaken the greatest development program in its history. Construction has begun on the new \$100,000 church building, a project launched since the ministry of Rev. Key began in Cameron.

Rev. Key has not only measured up to the requirements of this flourishing pastorate with its expending duties and influences, but has found a large place in the heart of all the citizenship as a progressive citizen and town builder.

The desire that he shall be returned to Cameron by the Conference assignment at Houston is universally expressed. The church and all Cameron need men of his type. It is especially important to the plans of the church that he be returned as pastor to complete the great work his vision and practical Christianity has evolved.

Rev. Key is a young man and the success he has attained in the ministry bespeaks for him a wide influence in the religious world.

1, last, 55 now; Kansas, six on duty January 1, 36 now; Missouri, 3 on duty January 1, 26 now; Arkansas, 2 on duty January 1, 15 now and Oklahoma, 4 on duty January 1, 8 now.

The work of the nurses is the principal part of the health work of the Red Cross in its peace-time program. They make examinations of school children, do follow-up work to eradicate physical defects that are found among them, and do other kinds of health work which present themselves.

The Red Cross plans also to establish Red Cross Health Centers throughout the division. The centers will serve as clearing houses for information on health and are expected to do a great work in helping people become well, and helping those who are not ill or suffering, to remain thus.

Soldiers of the world war who were in Cameron on last Thursday to celebrate the Armistice Day were admitted to the show of the Auditorium Theatre free. A large number of the soldiers took advantage of the hospitality of the management and were guests for the show.

The soldiers were admitted to both the afternoon and night shows.

ceived steady vindication in the support of a law-abiding people against various and sinister attacks, which have reflected only the bawier agitations of war, now happily passing.

"In plenty, security and peace our virtuous and self-reliant people face the future, its duties and its opportunities. May we have vision to discern our duties; the strength, both of hand and resolve, to discharge them; and the soundness of heart to realize that the truest opportunities are those of service.

"In spirit, then, of devotion and stewardship we would give thanks in our hearts, and dedicate ourselves to the service of God's merciful and loving purposes to his children.

"Wherefore, I, Woodrow Wilson, President of the United States of America, do hereby designate Thursday, the 25th day of November, next, as a day of thanksgiving and prayer and I call upon my countrymen to cease from their ordinary tasks and avocations on that day, giving it up to the remembrance of God and his blessings, and their dutiful and grateful acknowledgment."

DEMOCRATS PLAN TO RECLAIM 14TH

Steps Being Taken to Eliminate Wurzbach in New District.

San Antonio, Texas, Nov. 17.—Establishing of new boundaries for the Fourteenth Congressional District and the elimination from the district of Kendall, Comal and Guadalupe Counties, will be one of the political coups attempted by the State Legislature, overwhelmingly Democratic, when it goes into session next January according to well-founded reports.

The move to create a new congressional district, it is said, will be a Democratic endeavor to prevent the re-election two years hence of Congressman-Elect Harry M. Wurzbach, Republican, of Guadalupe County. Big majorities roled up by Wurzbach in Guadalupe, Comal and Kendall Counties, together with several hundred votes in his favor in Bexar County, made possible his victory over Carlos Bee, present Democratic Congressman from the Fourteenth District, according to Democratic leaders, who, it is said, are backing the "redistricting" move.

The proposed plan of eliminating certain Wurzbach strongholds from the Fourteenth District also provides for the addition of other Texas counties along the Gulf Coast, which will extend as far north as Galveston County, according to reports. The counties which it is said will be added to the district to replace Comal, Kendall and Guadalupe Counties are expected to be Galveston, Brazoria, Matagorda, Calhoun and Refugio. Should the new district be created along these lines it would make a long "shoe-string" of counties arranged in an "L" shape and almost 200 miles in length.

"They can not change the boundaries if many districts any faster than I can change my legal place of residence, so that I will be in any new district that is created," declared Judge Wurzbach over the long distance telephone today when informed of the proposed plan. At the present time the new Congressman-elect is on a deer hunting trip and is reported to have secured two big bucks.

HOG MEN ASKED TO ARRANGE FOR PENS

Chairman Cobb of Stock Show Committee Issues Appeal for Advance Booking of Exhibits.

Chairman Wm. M. Cobb of the livestock show committee has asked that all prospective exhibitors arrange as early as possible for pens for their hogs and other live stock to be placed on show at the show on November 24. Following is the statement of Mr. Cobb:

Get your stock ready and advise the management what your pen requirements will be so that enough pens will be provided. Exhibitors will engage hog pens by Monday, November 22d. No charge for pens.

Poultry will be shown in coops provided free by the management. Speak for yours as early as possible.

Show will be held in Bartz Mule Barn, rain or shine.

All entries must be placed by 8 a. m., day of show. If possible, send the evening before.

Revised prize list provides as liberal premiums for red hogs as well as black.

All live stock must be registered and certificates filed with the management at the time of entry.

B. P. Matucha, August Gurchy and Elbert Matula had a narrow escape last Thursday night while out hunting. They were making preparation to start after game and were parking the car near the road-side when the car went over an embankment into Bear Creek, making a fall of six feet to the water and into five feet of water. The car having all curtains on made it very difficult to get out. Mr. Matula was out of the car at the time and he plunged in and tore off the curtains, making the way clear for the inmates. The parties used good judgment by walking home as the north wind was very refreshing. The distance being three miles.

RED CROSS ROLL CALL UNDER WAY; PROGRESS RAPID

Chairman Atkinson Pleased With Success Attained During Early Days of Week.

Roll Call director B. P. Atkinson for the fourth annual Red Cross drive in Milam county announces that committees throughout the county are reported well advanced on the work of the roll call which will end officially on next Thursday.

The canvas in Cameron is especially pleasing says Mr. Atkinson. Owing to bad weather the drive was delayed one day, having been planned to start on Monday. The canvas in the city was begun Tuesday and the day netted a number of members, far more than was expected. Down town booths were set up, one of which was in the Federal building.

Reports have come in from various sections of the county and show that good progress is being made in every way. With two exceptions the committees are all at work.

While the roll call will end officially on November 25, it is planned by Mr. Atkinson to carry on the drive until December in order to aid the great peace time program of the Red Cross.

The quota set for the county is 3670 members. It is believed that a large number of five and ten dollar memberships will be enrolled, however the regular membership is 31. Provision is made for memberships in the larger denominations and the number of these will depend upon the generosity of the people.

One half of every dollar collected will be spent by the local chapter to retain the public health nurse and to support other features of peace time program of the Red Cross. This feature makes it desirable that all contribute as liberally as possible to the roll call.

COAL SHORTAGE IS REPORTED HERE

Mines Given Over to Supply of Railroads in Oklahoma Says Jeter.

With the railroads demanding and consuming the maximum output of the principal coal fields of Oklahoma from which comes the supply furnished by the local dealer, the Jeter Lumber Company, the shortage will be acute for the next 60 to 90 days.

R. P. Jeter declares that he has the promise of a car shipment in November but has been advised that further delivery for at least sixty days will be impossible.

The McAllister and other coal districts of Oklahoma have been closed to domestic demand due to the consumption of the railroads. While supply could be furnished for domestic use there were no cars to move the coal.

At least 80 per cent of the normal local demand has been met because of the early orders solicited and received at the local yard. There will be no want of fuel in Cameron this year. About 40 tons of coal is now in the bins of the yards here.

As against wood, coal used in Cameron only lacks about twelve and one-half per cent of the fuel supply. The city is surrounded by timber lands but the shortage of labor has made it impossible to secure wood at prices less than \$10.00 per cord. It is estimated that coal as a fuel value represents one ton to two cords of wood and is cheaper as the present price is around \$17 per ton.

Eight thousand cords of wood are used in Cameron each year, in addition to the coal used. The coal sold here is handled on a very close margin and its use is to be encouraged because of its value as a fuel for both domestic as well as industrial purposes.

There will be services at the Baptist church Sunday. Announcement of this service was made this morning. All are cordially invited to attend.

Mrs. E. C. Collier of Waco, who has been visiting with Mrs. T. N. Lindsey, returned to her home last Saturday.

*** SNAKE CRAWLS OUT OF TELEPHONE OFFICE STOVE.

Last Saturday morning, the day operator of the Milano telephone exchange had her nervous system shocked by seeing a live wiggling snake crawl out of the office stove in which she a few moments before placed a couple of pieces of wood to keep the fire going. A snake likes warmth, but it evidently got a little too warm for this dry land mollusk, and he did well in finding the only outlet below the front door of the stove and then fell to the floor and proceeded to crawl into a corner where a call for help soon had his snakeship killed. The snake was about a foot and a half long and had perhaps hibernated itself for the winter in a stick of wood which the operator said was hollow when placed in the stove only a few minutes before. Had she failed to see it emerge from the stove the snake would perhaps have made itself a home in the office for some time to come.—Milano Gazette.

MEN OF M. E. CHURCH ENTERTAIN THE LADIES

Last Friday night at the American Legion Hall the losers of the Sunday School contest entertained quite pleasantly.

The High School Orchestra entertained the crowd while they were gathering after which Mr. Roy Baskin kept the crowd roaring with laughter while he attempted (?) to tell "why men were smarter than women."

Mr. Childress was put up next to make an impromptu speech, which he did, but bashfulness overcame him. He made the speech all right, but in such a low tone it could not be heard. Lee Tag came next and, as the children would say, he shed "barrels" of tears and nearly chewed his fingers off in making it.

Messrs. Jeff Kemp and P. O. Adams were entirely backed down, so took it for granted that "Mary" did have a little Lamb, but doubts are held that "there's a hole in the bottom of the sea."

Following this bit of fun, there was a piano solo by Mr. Robert Smith, violin solo by Mr. Medsker and the orchestra entertained while they waited for refreshments.

At the close a delicious course was served by Messrs. Charlie Price and August Horstmann. In the kitchen Messrs. Joe Lindsey and Bill Alex Bonds acted as dish washers and showed good wifely training.

Ham sandwiches and two kinds of cake and chocolate were served.

MRS. C. A. DAWSON HONORED

Mrs. Charlie Lay entertained at an afternoon luncheon last Friday, naming Mrs. Dawson of Sweetwater, as her honor guest.

Mrs. Dawson moved away from Cameron twenty-five years ago and it was sixteen of her dearest friends of long ago who were bidden to the feast.

The hall and living rooms were decorated with yellow and white chrysanthemums, and the dining room in bronzed chrysanthemums.

A personal contest, in which the answers had to be made in the first letter of their own names came first, followed by a squared word contest.

Four square tables were brought in and covered in yellow and white and the same color scheme carried out in the menu except the table of the honor guest. It was laid with a pink luncheon set and held a vase of pink killarney roses.

A three course luncheon was served by Mrs. Lay, assisted by Mesdames Howard Baskin and Ira Key, consisting:

Menu
Turkey with accessories
Pear Salad Wafers
Marshmallow Souffle, Cocoanut and Marble Cake

Place cards were conundrums and during the last course the ladies toasted Mrs. Dawson and Mrs. Lay presented her with a lovely bouquet of pink killarney roses, and at the very close the ladies all stood and sang "Auld Lang Syne."

Mrs. Ira Key presided at the guest book and it was also presented to the honor guest.

SWEET THOUGHTFULNESS

Last Thursday on Armistice Day there was rejoicing over and feeding on the "fat of lamb" the soldier boys of our town and county who had fought and been brave for our country. Those three beneath the sod were also remembered.

committee who drove down to the cemetery and placed some of the beautiful chrysanthemums upon the graves of Edwin Hardy, Mr. Lutner and Lawless Green.

BAPTIST DEACONS' DINNER

Mr. and Mrs. Charlie Lay entertained the seven deacons of the church at an elegant six o'clock dinner last Friday evening.

The same decorations of the afternoon stood and with the lights turned on the reception suite was even more beautiful.

As men do not care for "frills" they thoroughly enjoyed social intercourse while partaking of the following six course dinner.

Menu
Oyster Cocktail Wafers
Deviled Crabs
Turkey, Gravy, Rice, Cream Potatoes
Pear Salad Wafers
Charlotte Rouse Cocoanut and Cake

Black Coffee Cheese Crackers
The personnel of the party was: Messrs. J. J. Martin, A. N. Green, F. J. Beckerman, E. A. Flinn, F. F. Reed, Wm. Henderson, J. M. Ralston and Charley Lay

FOR MRS. CORNELIA BROWN

Mrs. Cornelia Brown was a very prominent resident of Cameron some years ago and when she visits her son, Mr. R. D. Brown her friends are always glad to welcome her.

On last Wednesday afternoon Mrs. R. D. Brown entertained about thirty of her mother's dearest friends. The home was resplendent in a profusion of white and bronzed chrysanthemums of Mrs. Brown's own raising.

Delightful social intercourse called up reminiscences of years gone by, and relating many pleasant happenings since last they met made a pleasant afternoon all too short.

Before separating Mrs. Brown served a delicious salad course assisted by Mrs. C. D. Lay, consisting of tumie salad, sandwiches and pineapple ice.

BRIDGE CLUB

The Bridge Club was most charmingly entertained last Friday afternoon by Mrs. John Watson in her lovely home on Hefley Heights.

The day was cold and dark without, but inside the reception suite was bright and warm and inviting with open fire with flames leaping high up the chimney, large vases of yellow and bronzed chrysanthemums and snowy white tables spread for the game.

A new ruling in the club gives who are prompt a hundred on their score.

Ten out of twelve were on time.

Three delightful games were played and in reckoning up found Mrs. Tiff Moore far in the lead, having seventeen hundred on her score card of autumn fruits, and the hostess very graciously presented her with a bouquet of very fine bronzed chrysanthemums.

The doors of the dining room were thrown open and disclosed a beautiful table laid for fourteen. Two oblong platters of marigold graced the table—one at either end, a white luncheon set was used and the menu also carried out the color scheme, gold and white and green.

A delicious two course luncheon was

served consisting of pressed chicken, cottage cheese salad served in fluted green pepper cups mountain high with whipped cream, butter sandwiches, salted almonds, and marshmallow dainty.

Seated around this hospitable board were: Mesdames J. L. Clinton, Ox-sheer Smith, Tiff Moore, Rush Thomas, Giles Avriett, Fritz Fahrendorf, Tom Henderson, Jr., John Watson, Misses Rose Rischer, Aetna Smith of the Club members and Mesdames S. A. Cottle, Jim Watson, W. A. Gillon, and Miss Beth Jeter as guests.

SYMPHONY CLUB

On last Saturday afternoon this delightful club met with Miss Ruth Henderson as hostess.

The subject, Autumn Music, was very appropriate to the season for we have had such a lovely autumn.

Mrs. Tom Henderson, Jr., was leader and arranged the following splendid program:

Son: September Charlton
Mrs. J. L. Clinton
Piano: Autumn Chaninade
Mr. Robert Smith
Song: Now Sleeps the Crimson Petal Quiltz
Miss Clara Curtis
Piano: November Tchaikovsky
Mrs. R. P. Jeter
Song: Goodbye Tosti
Mrs. C. D. Lay

After lingering a while for social intercourse the club adjourned to meet on the 20th of November with Mrs. J. L. Clinton.

BAPTIST AUXILIARY

Last Monday was Mission Study Day and the circles met at the following places:

Circle No. 1 met with Mrs. J. W. Coleman with Mrs. J. M. Ralston as leader and although only a few were present a very interesting lesson was enjoyed.

Circle No. 2 met with Mrs. Purce Collins with seven in attendance and Mrs. George A. Thomas conducted a very instructive lesson.

Circle No. 4 met with Mrs. L. L. Blaylock. Mrs. W. H. Henley led the seven ladies present in a very interesting and profitable lesson.

PRESBYTERIAN AUXILIARY

These ladies met with Mrs. Robert McLane and nine were present. The object of this meeting was to tack a comfort for Files Valley Orphanage.

Needles and tongues were busily engaged and then Mrs. McLane refreshed the ladies with a cup of tea and sandwiches.

SAYS THAT BRIDGE OVER BRAZOS IS ASSURED

Mr. O. D. Baker was in Milano on Thursday morning enroute home to Gause from Belton. He reported the highway meeting at Rockdale last Thursday a glorious success for Milano and Gause, and says that bridge across the Brazos is going to be built. He also said our representative, C. M. Beard, delivered a speech at this meeting that gave the project a shove and push of vim and truthfulness such as it never had received. That's the kind of men you want to send to attend to that kind of business. Mr. Baker said, and your town and county will always get what is coming to it.—Milano Gazette.

LACK OF 25 CENTS

By NATALIE J. HOYT.

© 1920, by McClure Newspaper Syndicate.

It was the latter part of a hot after-
noon on one of the bare yet cluttered
streets east of Third avenue. At a
moment window stood a little old
man looking anxiously up the street
toward the corner, straining her eyes
to pierce the heavy yellow haze.

A fire escape jutted out in front of
her and hung down the face of the
building, partially obstructing her
view, so that she did not see him as
he stumbled down the street, keeping
as close as possible to the buildings
for the scant protection they afforded
from the sun.

He came up the rickety stairs,
opened the battered door with a key
from his pocket, and stepped into the
room. Still she did not hear him,
though the noise of elevated and
rolley and children in the streets.

"Mary!" She turned, half-startled,
holly relieved and came toward him.
He may no longer have had hope,
but she still had him!

He kissed her and went over to the
old couch and sat down—a
rickety old man. She seated
herself beside him, laying her hand
on his knee, observing with
sympathetic pity the strained face
and hopeless attitude.

"No use, Mary!"
She did not seek to question or deny,
just sat close to him, gently patting
his knee.

"Three months now I have been at
day in and day out. But who'd
have a poor old hope like me? How
they know it ain't drink or good-
for-nothingness that's brought me
here I am? And even sickness is
just as bad. What d'they want with
an old man who's been sick—and
d'you know it?"

Silence, his big hand now laid over
her.

"Milly and Dan," he rambled on
again. They've been keepin' us all
the time—think of it, Mary!

"But what could we do, Tom?" she
interrupted hopelessly. "Milly wouldn't
hear to our goin' to the almshouse."

"God help us, no! I wain't thinkin'
that. Don't you know they'd sep-
arate us there! There's a better way
than that. You see, Mary, as I look
at it we ain't entitled to more'n one
apiece, and for three months now
an' me's been poachin' on some-
body else's." He looked at her, half
humorously, half pityingly. "Would
you be afraid, Mary—with me?"

She began to comprehend and a
tear passed through her. "You
an'—you mean—"

"Wouldn't it be better'n to live
apart, you an' me—who ain't never
been separated for over 90 years?"

"Yes—oh, yes! she murmured.
He turned her face up to his, look-
ing into her eyes. "Tell me—you ain't
afraid, my girl—with me?"

"No, Tom, I ain't afraid—to go any-
where with you!"

Meanwhile in the flat upstairs
though spreading their more youth-
ful and sturdier wings protectively
over the old people—lived the daugh-
ter and son-in-law. Here, some time
later in the afternoon, the younger
generation was likewise intent on dis-
cussing the great question of ways
and means. But their faces were
glowing with new hope and purpose.

"An' now, Milly, old girl," Dan ex-
claimed triumphantly, "you an' the
little kid can go to the country an'
take your blasted old fresh air cure!"

"Oh, Dan, ain't it grand!" she re-
peated for the hundredth time. "But
just wait till I tell ma an' pa," she
looked at him proudly, "that you been
made a foreman! Didn't I always say
'was comin' to you? They ain't talked
much about it, Dan, but they been
gettin' mighty bad to think you've
had to take care of 'em. It's been
gatin' the very heart out o' poor pa—
with me an' little Kitty sick especial-
ly. I just can't wait to tell 'em you've
got some real pay comin' to you now,
an' that I need 'em—as bad as they
ever did us—to look after you an'
the other kids while me an' Kitty's
away. Come on—let's go down now!"

In buoyant spirits they hurried down
the rickety stairs to the door below
and tried the knob, then rapped—
waited, and rapped again. But there
was neither sound nor stir within.

With the dawning of fear in her
eyes, Milly looked at her husband,
who wouldn't've gone out without
a key to the door.

Dan's face was set and he began
to pound the door, that soon gave be-

hind his kicks and blows. A burst
of heavy, nauseous air assailed them.
With instant command of the situ-
ation Dan seized the panic-stricken
Milly, looking her in the eye—and
spoke sharply. "Don't lose your nerve
now! Open the windows wide, quick!
I'll get an ambulance."

The young surgeon set to work with
will, enlisting the services of Dan
and Milly by his brief, sharp orders.
"Any hope?" whispered Dan.

"It doesn't seem as if there could
have been a full flow of gas here," re-
plied the young doctor. "I guess the
motor must have run out."

Milly looked from the interne's face
into her husband's.

"Dan! Just to think! An' I sup-
pose poor pa didn't have another quar-
ter to put in it!"

The young surgeon smiled up at
them both.

"Well, you can thank your stars he
didn't let me tell you—for that this
evening when the lack of a quarter saved
two lives!"

"CAVEMAN" STUFF ALL RIGHT

At Least, One Indiana Man Is Sat-
isfied With the Way It Worked in
His Particular Case.

Now, she is a very sarcastic young
woman, and the man who wishes to
marry her is often much tormented
with her ability to say things which
make him distinctly uncomfortable.
One night one of his friends and he
decided to go to a picture house and
there they saw a play in which the
caveman stuff was exceedingly strong.
Evidently that gave the young man
an inspiration, for the next cutting
remark the young woman made he
resented.

He had come to take her for a
drive. After getting her safely set-
tled in his car and having placed a
large box of candy in her lap he set-
tled down for a pleasant evening.
But not long. The young woman could
not stand his ease. She deliberately
opened her box, took out a bonbon,
sipped at it a minute and then said
in icy tones: "Why, this candy is
stale."

At first the young man felt inclined
to writher, but the next minute the
caveman stuff of the movie darted
into his mind. He did what he
thought was a real rough act. He
seized that beautiful box of candy
and threw it as far as he could.

For a long time there was silence.
Then the girl began the conversation.
And this time she spoke meekly and
in "honied" tones. She is still speak-
ing in the same way whenever she
is with him.—Indianapolis News.

LARGE BODY BLACK
LAND

The last in Texas that can be bought
at the old time "stock farming" prices.
I am cutting up into small stock-
farms my splendid 26,000 acre body
of black land and dark loam land lo-
cated on the S. A. U. & G. Railway
south of San Antonio in the extreme
north part of LaSalle and McMullen
counties. Farms on this land produced
this year from one-half to one bale
of cotton per acre. But I am strictly
advocating DIVERSIFICATION, that
is cotton, corn, feed and stock, noth-
ing in this wide world beats it. I want
homeseekers and to the right men
I will give them an opportunity to
build a real family home on a founda-
tion as safe as did the farmers of
the Central Texas black land belt,
and just as good land, at low prices
and easy terms. Small cash payment
and as long as 10 years at 6 per cent.
Positively your last chance to get
\$100 land at less than one-third its
real value. Investors can double their
money. Will take in some good prop-
erty as part payment. I am going to
sell this splendid body of land out
quickly and will sell in tracts of 160
acres up. Get in your order or come
and see me at once. Remember no
more land is being made. Still have
a large number of those good farm
tracts in Atascosa and Live Oak
Counties for sale. Easy terms. 50
acres up. Write for printed matter.

A Real Sale of Clothing

A sale with the Scarbrough & Hicks store has always meant more to the buying public than the usual run of advertised sales. No fictitious values quoted, based on prices that were inflated to start with

THUS When we state here that we are going to sell you a \$50 suit for \$37.50, we mean that we are going to give you a real \$50 suit for \$37.50---a suit that would be quoted at some sales as a \$65 value. It is the policy of giving actual bargains, based on real values, that makes our sale events more than usually attractive.

PAVING MATTER IS TABLED BY CLUB

MOTION FOR COMMITTEE TO PETITION FOR ELECTION TABLED AT FRIDAY NIGHT MEETING.

The proposed petition to the city council asked by Mayor U. S. Hearrell with the view of securing tax levying privileges to pave the business district of Cameron was lost Friday night when the motion for the committee was tabled by an overwhelming vote.

The original move was brought through the civic improvement committee of the club in an effort to operate with the council in arriving at a paving plan as proposed by Mayor Hearrell. The committee asked the appointment of a committee to petition for an election. Mayor Hearrell presented the matter to the club and entered a plea for the petition. Two weeks ago the matter was postponed after some discussion until the meeting Friday night. The proposition seemed to have lost momentum after having lain on the council board for one week and the motion to table definitely came without effort.

Mayor Hearrell who was present at the meeting did not champion the move further, having smiled good naturedly as the defeat came. This will mean that the club will not sponsor a petition for an election. Mr. Hearrell has not stated whether he has other plans to pave the streets of Cameron which have been scarified and smoothed down during the past week.

ALL DAY SERVICE AT METHODIST CHURCH

The Woman's Missionary Society of the Methodist church enjoyed a most delightful all day session at the church Tuesday, Nov. 9. It was the annual week of prayer services and three programs were rendered during the day. Mrs. York was leader in the morning, having as her subject "The Mexican Work." The devotion was on the subject of Personal Prayer and a most interesting and helpful talk was given by the leader. Mrs. York was assisted in her program by Mesdames Ellison, J. Clement and Sam Clement. At the close of this service a most bountiful lunch was served and thoroughly enjoyed.

The program of the afternoon began promptly at 1:30 with Mrs. Watkins as leader, having as her subject, "The Motherless and Homeless Daughters." The devotional was on family prayer, and by the talk of the leader and clippings read we were led to see the great benefits derived from family prayer. Mrs. Watkins was assisted in her program by Mesdames Ramsey, Sam Clement and

P. H. McKinney of Jones Prairie, was in Cameron Friday afternoon.

DODSON TELLS THE HORROR OF CALOMEL

You Don't Need to Sicken, Gripe, or Salivate Yourself to Start Liver.

You're bilious, sluggish, constipated. You feel headachy, your stomach may be sour, your breath bad, your skin sallow and you believe you need vile, dangerous calomel to start liver and bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling splendid. It is perfectly harmless, so give it to your children any time. It can't salivate.

Gresham. The last program was led by Mrs. White; the subject being "The World Today," and the devotional was on public prayer. Mrs. Bert Elliott gave an instructive talk on the Mexican. Mrs. Clement and Mrs. Crockett discussed the Missionary Society. The work being done and why every woman should belong. Others taking part were Mesdames Phillips, J. Elliott, Will Clark and McGinnis.

Many ladies were present during

the day and a nice offering amounting to about fifteen dollars was taken for the homeless and motherless girls of our Vashiti Home and a mission school in Mexico—Thorndale Champion.

Our COOKING OIL is refined from this year's crop of good sound seed and can be had for \$1.15 per gallon if you bring your jug. The R. L. Batte Store.

REMEMBER to ask your grocer for Calumet Baking Powder and be sure that you get it—the Indian head on the orange label. Then forget about bake day failures. For you will never have any. Calumet always produces the sweetest and most palatable foods. And now remember, you always use less than of most other brands because it possesses greater leavening strength.

Now Remember—Always Use

CALUMET BAKING POWDER

There is no waste. If a recipe calls for one egg—two cups of flour—half a cup of milk—that's all you use. You never have to re-bake.

Contains only such ingredients as have been officially approved by U. S. Food Authorities, is the product of the largest, most modern and sanitary Baking Powder Factories in existence.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Judged By Banking Account He Keeps

A man's ability to accumulate money is one of the standards by which the business and financial world determines his worth. Therefore one's best bit of evidence is his bank balance. One whose pocket is his bank can only have the temporary sort of prosperity. On the other hand the thousands who bank their earning have every opportunity and incentive to permanently prosper. Select a goal and save for it. Devise a system and hold it—put your money in our bank—before long you will have a sizable sum of money.

OAKDALE NEWS

Mrs. S. Hause

Oakdale, Nov. 15.—We have had some very bad cold weather these few last days. Thursday was cold, but we could stand it and went to Cameron, but if it had been later we would have stayed at home. We got to see all that we had not seen for several months. Those who were at Cameron, Thursday from here were Messrs. Marshall Garner, Theo Ashenbeck, Eugene Hause, Dean Shelton, Erwin Cook, Mr. and Mrs. Honal of Hoyte, Mr. and Mrs. Sid Hause. There was a great many others that were to go but they were afraid of the weather. They have a cad and can't go any time like, who have mules.

Theo Ashenbeck and mother were at Rosebud visiting Mrs. Beckhusan for several days. They went Friday and are still there. We hope they will stay till the weather gets good, but we hope that will be soon.

Mr. and Mrs. Clyde Hensley are at Watts Switch to see her parents, Mr. and Mrs. Charley Angell.

Hoyte and Prospect school both had school all day Thursday if the teachers did want to go to Cameron to the celebration and good dinner, and I feel like telling them that they missed something great and good.

The most of our neighbors have killed one or two of their hogs and have sent us a sample, for which we are very thankful.

Mr. Geo. Banzhaf, our County Agent was with us last Tuesday running off Mr. Sid Hause's land for him to terrace later.

Mr. Jim Baker and family have returned after being off on a cotton picking trip. They say they had a very nice time and made some money while they were picking.

Miss Nancy Ethridge, teacher at Curry, was to have come home for the first time Saturday, but the weather was so bad I feel sure she did not get there.

Mr. Matzig was killing hogs Saturday.

Mr. Sid Hause was in Milano Saturday buying lumber to fix some of his rent houses, but it is so cold this morning he will not be able to get a carpenter to do the work.

Mrs. Wetsbrook and two children of Liberty, Mrs. Hill and Mrs. Lipscomb were in Cameron several days ago, and on their way back home they stopped a while with us.

Mrs. J. E. Beavers of Milano and

her little son are visiting her daughter in Navasota.

Mr. A. R. Neeley of Temple was a guest of his brother, Mr. C. J. Neeley in Milano last week.

The stores in Milano were closed last Thursday in commemoration of Armistice Day.

Mr. W. W. McCollum of Miles, Texas, came Mr. H. O. Graves, the funeral was held at Milano.

Rev. R. O. Wie will leave this week for Houston to attend the annual conference of the Methodist church for the Marlin district. Bro. Weier has been our pastor here for the past three years and if the Conference keeps him here the Milano people will be well pleased and delighted.

Mr. B. N. Ashley reports the wood business hustling out at Oxford. He has 38 wood choppers cutting cord wood and they are loading out several cars a week.

Uncle Amos Hairston of Milano left

Saturday for some points in Uvalde county where he will visit a son until some time after Christmas.

Mr. J. R. Arledge was kicked by a mule one day last week, but was reported to be getting on very well when last heard from.

Mr. J. L. Stewart of near Gause was to see his son Lenard and daughter, Mrs. W. A. Belt last Sunday.

Mrs. S. M. Bullock of Liberty left last Tuesday for San Antonio in response to a call to see a sick daughter, Mrs. J. Chaney.

"GO AND GET IT" GRIPPING SCREEN TRIUMPH AT PALACE

**SAM HEFLEY ANNOUNCES THE
BOOKING OF FAMOUS PLAY
ADAPTED FROM NEWSPAPER
FIELD**

The City Editor said to the young reporter: "Three nights ago, Dr. Ord, the famous surgeon was found dead in his laboratory with his back broken and not a mark on his body. The night the district attorney suffered a similar fate. Last night the same thing happened to one of the most prominent judges in the country. The city is panic stricken. Thousands of people are fleeing. We must have that story, 'GO AND GET IT.'"

Marshall Neilan's "Go and Get It," a sensational photoplay of the thrills and romance in the making of a great daily paper, has been booked for two days at the Motion Picture Palace for two days in early December—4th and 5th. Manager Sam Hefley in giving advance notice to the coming of this great picture is doing the movie fans a great turn for they want to see this picture which has gripped the world.

It is something that is not quite expressed in the unusual, it is actually astounding in its cleverness and reveals the length to which the art of the screen has advanced in productions. It has been received with wild acclaim all over America by people who know little of the inside workings of the great daily newspaper field; how the shrewd and trained mind of the newspaper reporter "goes and gets it" when obstacles that would bar most human ingenuity surround the facts through which he must penetrate to get the "dope" and get it right.

It is a story of lurid detail; gruesome trails through veils of mystery of darkness and danger. Always the shrewd intelligence and dogged persistence of the newspaper reporter comes out on top, mastering the situation. But greatest of all is the detail of how they "go and get it" brings

in for the big story all the harrowing details of murder, writing it in words that make it real no matter how deep the mystery or the tragic scheme.

It carries a pretty girl reporter in romance with an ambitious chap who is also a reporter on the same paper. Those who know the game will appreciate the story and others will be glad to learn.

"Shut-the-door" Gordon, publisher of a newspaper by Katherine O'Neil, is in conspiracy with the owner of a rival newspaper to so neglect and cripple the O'Neil paper that it can be purchased cheaply.

Through friendship with Katherine O'Neil, Helen Allen gets a position on the paper where she makes friends with Kirk Connelly, a young and ambitious reporter. Shortly afterwards, Connelly gets a scoop on the suicide of a local millionaire. He knows his story is exclusive. Carrying out his plans to injure the standing of the paper, Gordon arranges with the press foreman to break the press in order to prevent an extra edition. In addition Gordon telephones the story to the rival newspaper. The result is that again Katherine O'Neil's newspaper is made the butt of much ridicule. Connelly is angry and expresses the belief that Gordon is crooked.

Helen is assigned to interview Doctor Ord, famous scientist, on the question of the substitution of new glands for old ones in an effort to prolong life indefinitely.

Helen previously knew Dr. Ord in the European battlefields and her friendship leads him to grant her an interview on a startling experiment he is about to perform. The interview takes place in a subterranean chamber next door to a prison and the doctor tells Helen that a prisoner has deeded over his body to Dr. Orr after death for the sum of \$5,000.

The next day's newspaper tells of the death of the prosecuting attorney, and judge. Helen reveals information about the secret chamber and her interview with the doctor. Connelly and Helen investigate, finding a diary belonging to Dr. Ord and in which details involving the transplanting of the brain of a criminal into the skull of a gorilla. Looking over the files, Connelly finds where this convict had men during the trial.

In order to strengthen his theory it is necessary for Connelly to locate an Algerian servant of Dr. Ord's. Using an airplane he boards a train in motion does not find the servant, uses a seaplane and reaches the steamer on which the Algerian is traveling. There he locates the servant who states that

when the Doctor placed the brain of Hogan in the skull of the gorilla, the Gorilla carried out the threats of Hogan before the latter's death.

Connelly writes the lead on his story and shoots it in the office. Gordon tips off the story to the other paper.

Rival reporters and subsidized detectives plan to trap Connelly and Dinty—both of whom are waiting at the home of Hogan's brother for the arrival of the Gorilla.

Connelly gets the scoop, also promotion and a bride—but in getting them he has some thrills that have never before been panted on celluloid.

MRS. CORRA WALKER PASSES AWAY

A death of unusual sadness occurred at Davilla, Texas, on Friday, November 5th, 1920, when the spirit of Mrs. Corra Gregory Walker left its earthly sanctuary for that abode provided by an All-wise Creator. An invalid for several months prior to her death, it was still hoped by loved ones that she might live longer.

Mrs. Walker was born at Gano, Williamson county, in 1876, and was married in 1892, to Monroe Walker of Davilla, and here she spent the remainder of her life. A life, the emulation of which will be a credit to any one of the seven children whom she leaves behind. At an early age she became a member of the Methodist church and obtained her own life according to its teachings.

At the Friendship cemetery on Saturday afternoon, the relatives, neighbors and friends gathered to pay their last tribute of respect, while Rev. Coleman offered words of consolation in a sad but beautiful service.

Among the relatives left behind, the grief stricken husband, Monroe Walker, and seven children, also her father, J. B. Gregory of Davilla, and three brothers, two of whom Alvin and Howard Gregory, live in South Texas, and a sister, Mrs. Lena Edwards of Huntsville, have the sympathy of a great number of friends who realize that only time can alleviate the grief for "time is the only enemy grief can call its own."—Thorndale Champion.

MEETING BETWEEN OBREGON AND HARDING IS PLANNED

Brownsville, Texas, Nov. 4.—Tentative plans looking to a meeting between the president-elect of Mexico and the United States were started here Thursday when representative citizens asked Y. M. Vazquez, Mexican consul, to invite Elvira Obregon to visit Matamoras while Senator

Fordson Farm Tractor

The Fordson Tractor was made to meet the demands and necessities of the every-day American farmer. It was made with the thought that it was necessity of the man of forty acres as well as the man with one thousand acres. It was made not only for plowing, harrowing, discing, drilling, mowing, reaping, but for all other work on the farm where power is necessary. It was made to bring conveniences to the farmer's home as well as for the cultivation of his fields. It was made to furnish power for the cream separator, silo filling, cutting feed, sawing wood, furnishing power for milking, washing, supplying the house with running water, electric lights, and the hundred and one things on the farm. It was made to do all this economically and in a reliable way. It was made to be the big profitable servant on the farm.

And it has not failed in any of the expectations had for it. It has been tested as no other Tractor has been tested. It has been proven reliable and can furnish proofs impossible to any other Tractor. It has done these things not only in America but in Europe, Asia, Africa, and in the Islands of the Seas. It has met successfully the demands of farmers in every part of the civilized world.

Therefore, the Fordson Tractor can meet all the conditions of your farm. When you buy a Fordson, you are not buying any experiment—you are buying a servant and a money-maker for you that you can depend upon absolutely from the first day you put it to work. It is easy to understand. It possesses all the power you want. It is simple in control. It is more flexible than you imagine. It will help you cultivate every foot of ground you have, and every day in the year you will find use for it on the farm. Its appeal to the farmer is in its dependable service and the wide variety of work it can do.

We'd like every farmer that reads this, if he hasn't a Fordson Tractor already, to come to us and let us sell him one. Let us demonstrate its powers, its values, on your farm. Let's get into details—power, reliability, economy. While the sale of a Tractor to the farmer means a money-making servant every day for years. So the sale of the Fordson means more to the purchaser than it does to us. We are arguing for your good, Mr. Farmer. Come in and talk it over. Your time against ours. It is worth it.

And remember, when you buy a Fordson Tractor, we are right here to keep that Tractor in reliable running condition every day. You won't have to wait if anything should get out of order. We are right here to keep it right, because one of the conditions of the Fordson Dealer is that he must keep on hand always a complete supply of parts. This is a guarantee we don't believe you can get with any other farm Tractor. Come in. Let's talk it over.

President-Elect Speeding From Cold Blasts of Southern Texas

On Board President-Elect Harding's Special Train, Nov. 17.—President-Elect Harding's vacation in Texas came to end today and he was well on his way toward New Orleans tonight to board a steamer for a voyage in southern waters.

His special train left Brownsville, Tex., at 10 o'clock this morning on a scheduled run of exactly twenty-four hours along the gulf coast to the Louisiana port. He will stay there five hours, making an address at noon before the New Orleans Association of Commerce and boarding his steamer, the United Fruit liner Parismina, at 3 p. m. Whether Vera Cruz or some other Mexican port will be visited by the president-elect had not been announced tonight. The Parismina's present sailing orders called for a direct run to the Panama Canal Zone, but Mr. Harding has indicated that he might request a change to permit him to accept the invitation to visit Mexican territory tendered him yesterday at Brownsville.

Crowds came out to greet Senator Harding at several towns along the way but only a few stops were permitted by his schedule and he made no rear platform speeches.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Cameron people recommend Doan's stronger proof of merit?

Ask your neighbor.
Melvin Weems, E. 2nd St., Cameron, says: "My kidneys had bothered me more or less for a long time. It seemed whenever I took a little cold or there was a sudden change there was a sediment in the secretions and they smarted and burned in the passage. My back got lame, and the muscles all through me were lame and sore. I had taken all kinds of medicines but didn't get any help at all. I called on the doctor here for advice and he told me to take Doan's Kidney Pills. I followed his advice and got a supply of Doan's and took them as directed. I am very proud to say Doan's Kidney Pills cured me and my kidneys have been strong and in good shape since then. I very gladly endorse Doan's Kidney Pills."

HARDING GAINS TWENTY-EIGHT POUNDS AND WORKS EVERY DAY SINCE TAKING TANLAC

"I have gained twenty-eight pounds and all my old-time strength and energy have returned since I began taking Tanlac," said George L. Harding, a well-known longshoreman of 914 1-2 James Street, Seattle, Washington. "For two years," said Mr. Harding, "I had indigestion so bad everything I ate seemed to act like poison to me. My stomach would cramp so I would double up like a jack-knife and I suffered constantly with headaches, constipation and dizziness. I had the rheumatism in my hips and legs so I could hardly lift anything—although I have been used to hard work all my life. Finally my trouble got so bad I could no work more than two or three days a week and I knew I couldn't keep going at all much longer."

"One night as I was sitting in the Union Hall, all doubled over with cramps in my stomach, one of the boys advised me to try Tanlac and sure enough it began to relieve my troubles right away. Now I eat anything and lots of it; the rheumatism has left me entirely and I work with the best of them every day. I hardly every felt better in my life and Tanlac has set me so firmly on my feet it is a pleasure to give my endorsement."

Everyone Should Drink Hot Water in the Morning

Wash away all stomach, liver, and bowel poisons before breakfast.

To best feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no ache, colds, rheumatism or gassy, stomach, you must bathe on the inside like you bathe on the outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse purify and freshen the entire alimentary tract before eating more food.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

REDUCED PRICES ON NOVEMBER COATS

Two striking features punctuate this unusual selling event. First, the assortments are so complete, that every fashion's whim finds expression in the garment on display. There are simpler modes beautifully and sturdily tailored for utility wear, and there are more elaborate Coats and lovely Wraps that anticipate every winter need. Yet happily, the beauty and newness of the style, the correctness of the tailoring and the worthiness of the material and artistry of trimming, is supplemented by a welcome note in prices. The favorable turn of market conditions makes it possible for every woman to possess a new Coat or Wrap at a price far below the standard of past months. It is an occasion supreme in value giving.

EUROPEAN CHILDREN PLACES HOPES IN 4TH ROLL CALL

RED CROSS WILL GO TO AID
AMERICAN CHILDREN ALSO
THROUGH PEACE PRO-
GRAM

Millions of children in Europe, robbed of the joys of childhood and most of the natural safeguards to which they are entitled, by the war, and thousands of children in the United States who are hindered in life because of preventable ailments, are looking to the Fourth Annual Roll Call of the American Red Cross as one of the principal means by which they will be restored to a normal condition. The Roll Call will be from Armistice Day, November 11 through Thanksgiving Day, November 25. In that time efforts will be made to reach every person in the Southwestern Division of the Red Cross, which embraces the states of Missouri, Kansas, Texas, Oklahoma and Arkansas, as well as other sections of the United States.

There is a vast work throughout Europe and the United States, waiting to be carried on a much larger scale than has been possible heretofore, which will be taken up by the Red Cross workers. To gain for this work the great success that has been planned for it by Red Cross officials the first step is the Roll Call.

In the Roll Call funds to carry on the work will be obtained of course, but most of all, the membership of millions will be rolled up, it is hoped, to spur the workers on and to show them the people of the United States have their hearts in the great peace-time program.

A great part of the peace-time program is going to be the furtherance of

the rehabilitation work now being done among the children of Europe and the United States.

In Europe, most woeful conditions exist among them, according to Dr. Livingston Farrand, chairman of the American Red Cross, who recently returned from a several months' tour of Europe. Upon his return he told of the deplorable condition among the European children and stressed the fact that they are almost entirely dependent upon the people of the United States for succor.

Dr. Farrand pointed out that time that the future of Europe depends to a great degree upon the children of the present generation. Unless they are allowed to grow into normal men and women and are helped to do so, the status of Europe in coming years, will not have progressed, he said.

Among the children of the United States, many of them are under-nourished; some suffer from ailments which, though of a minor kind, retard their progress in school and in other matters. Red Cross workers, in inspections made of school throughout the United States, have found them to be suffering from defective eyesight, defective hearing, enlarged tonsils, obstructions of nasal passages and other things which with proper care, soon could be eliminated.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Hall's Family Pills for constipation.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Little's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

along motor routes in the country to let motorists know through what towns they are passing, has served to increase in this country the expressions of appreciation by auto tourists for the big historical books of the United States Tire Company.

In order that the boards may have a fresh interest for tourists, a page

of history is now being turned and soon every board will contain new reading matter. It is the company's plan to "turn a page" every year. If a motorist travels the same route long enough he will have a voluminous knowledge of the history of the section.

The highways of the country are

dotted with these books giving not only the names of towns but interesting bits of their history. Motorists have had through them agreeable introduction to unknown places, noted for famous achievements, for their resources, or as favored where great men first saw the light.

'Life's Twist'

A THRILLING STORY BY OUR BEST
MOVIE ACTORS

FRIDAY & SATURDAY

"HUCKLEBERRY FINN"

"Mark Twain was an outstanding figure for many years as popular American personality in the world of letters. He is a humorist of a remarkable comic farce and refreshing fertility. The three most significant signs of his power is the three novels of the Mississippi, "Tom Sawyer," Huckleberry Finn," and Puddin'-head Wilson.

This is a story of very varied interests, now comic, now almost tragic, frequently poetic, unfailingly truthful. The picture is "Mark Twain's" book come to life.

VICE PRESIDENT TO SPEAK IN TEMPLE

The people of Temple and Bell county will have the opportunity on Monday evening of hearing Vice-President Thomas R. Marshall, who comes to Temple under the auspices of a Lyceum course of six numbers, which will be given during the winter months.

The speaker has been vice president, it is pointed out, during almost eight years of the most tragic and trying periods in the history of America and is reputed to be one of the foremost Lyceum entertainers on the American platform. He will appear at the Municipal Auditorium.

A small group of Temple citizens headed by Rev. B. A. Hodges, believing that Temple would both appreciate and support a good Lyceum, executed the necessary contracts and guarantees for six big attractions, the first of which is described as one of the rarest opportunities that has been given to the people of that section.

The other numbers which will follow are: Judge Ben Lindsey of Denver, Colorado, whose fame is of international scope. A great treat is in store with his coming, it is announced.

Edward Barrow and the Redpath Concert Orchestra will, next appear. The orchestra consists of Agnes Knofleckova, Lester Scoville, Edward Buck, Gene Lyle and Lillian Roseland, with a well balanced and appealing program.

Then will come Charles R. Taggart the Vermont humorist, also a musician from the New England conservatory of Music of Boston. "He fiddles and talks and sings and laughs into your life," said one of the committee yesterday, "He puts fun into his music and music into his fun and both into one's soul."

The fifth attraction will be the Geneva players. These are Adams Metzler, Coral Bluning, Hellen Allen and Mildred Zaman. It is announced in their behalf that they will be beautiful and beautifully gowned, full of interest, music, entertainment and drama. A whole evening full of music and love and pathos and fun.

The sixth and last attraction will be

the St. Clair Sister. They are well known, it is announced, to many Temple people and it is anticipated that the house will be packed at their performance.

The season ticket for the Lyceum course will be \$2.50 plus 25 cents war tax. Single admissions vary in price, some costing \$1.00 and some even more. Dr. Hodges and his associates who have arranged to bring the course here hope to sell 500 season tickets within the next few days.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash poisons and toxins from system before putting food into stomach.

Wash yourself on the inside before breakfast like you do on the outside.

This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment.

A splendid health measure is to drink, before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the alimentary canal before eating more food.

A quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside bathing.
